A Groovy Kind Of Love

PHIL COLLINS

When I'm feeling blue all I have to do is take a look of you. Then our love so blue when you close to me. I can feel your heartbeat I can hear you breathing in my ear.
Wouldn't you agree baby you and me.
Got to groovy kind of love
Anytime you want to you can turn me into. Anything you want to anytime at all when I kiss your lips. All I start to shiver can't control the quiver rain inside.

A Reason to Believe

WILSON PHILLIPS

If I listened long enough to you
I'd find a way to believe that it's all true
Knowing that you lied
Straight faced while I cried
Still I'd look to find a reason to believe
Someone like you
Makes it hard to live without
Somebody else
Someone like you
Makes it easy to give
Never think of myself
If I gave you time to change my mind
I'd find a way to leave the past behind
Knowing that you lied
Straight faced while I cried
Still I'd look to find a reason to believe
Someone like you
Makes it hard to live without
Somebody else
Someone like you
Makes it easy to give
Never think of myself
Someone like you
Makes it hard to think about somebody else
If I listened long enough to you
I'd find a way to believe that it's all true
I'd find a reason
A reason to believe
And though I want you
You're just not what I need
Someone like you
Makes it hard to live without
Somebody else
Someone like you
Makes it easy to give
Never think of myself
Someone like you
Makes it hard to live without
Someone like you
Like you (you)
I'd find a reason to believe
To believe...

All I Wanna Do Is Make Love To You

HEART

It was a rainy night when he come into sight
Standing by the road, no umbrella, no coat
So I pulled up along side and I offered him a ride
He occepted with a smile so we drove for a while
I didn't ask him his name, this lonely boy in the rain
Fote tell me it's right, is this love at first sight
Please don't make it wrong, just stay for the night
All wanna do is make love to you
Say you will you want me too
All wanna do is make love to you
I've got lovin' arms to hold on to
So we found this hotel, it was a place I knew well
We made magic that night, Oh, he did everything right
He brought the woman out of me, so many times easily
And in the morning when he woke all I left him was a note
I told him, "I am the flower you are the seed"
We walked in the garden we planted a tree
Don't try to find me please don't you dare
Just live in my memory, you'll always be there
All wanna do is make love to you
One night of love was all we knew
All I wanna do is make love to you
I've got lovin' arms to hold on to
Oh, oooh, we made love
Love like strangers
All night long
We made love
Then it happened one day, we came round the same way
You can imagine his surprise when he saw his own eyes
I said, "Please, please understand I'm in love with another man

And what he couldn't give me was the one little
thing that you can"
All I wanna do is make love to you
One night of love was all we knew
All I wanna do is make love to you
Come on, say you will, you want me too
All I wanna do is make love to you
One night of love was all we knew
All wanna do is make love to you
Say you will, you want me too
All night long
All night long
All night long
All night long

All In Your Mind

MARIAH CAREY

Come closer
You seem so far away
There's something I know you need to say
I feel your emotions
When I look in your eyes
Your silence
Whispering misunderstandings
There's so much you need to realize
You'll feel my emotions if you look in my eyes
Chorus:
Hey darlin'
I know you think my love is slipping away
But baby it's all in your mind
Don't worry
Hold on tight and hear me when I say
Baby it's all in your mind
Believe me I believe in you
There's nothing this feeling couldn't do
Move closer my darling
Feel the love in my eyes
Chorus

Alone In Love

MARIAH CAREY

Chorus:
Swept me Away
But now I'm lost in the dark
Set me on Fire
But now I'm left with a spark
Alone, you got beyond the haze and
I'm lost inside the maze
I guess I'm all alone in love
I look into your eyes
You turn the other way
And now I realize
It's all a game you play
I hold you in the night
And wake to find you gone
You're running out of sight
It's so hard holding on all alone in love
Chorus
You haunt me in my dreams
I'm calling out your name
I watch you fade away
Your love is not the same
I've figured out your style
To quickly drift apart
You held me for a while
Planned it from the start
All alone in love
Sitting in the dark without you
How am I supposed to make it
Through the night
Slowly fall apart without you
Cry away the hours
'Till the morning light

Amanda

CRAIG MCLACHLAN

Goin' crazy girl is it any wonder
My life changed the day that I met you
It's a little wired I know the spell I'm under
My head does what my heart tells it to
Woha woha, I knew it right from the start
Woha woha, there's a place for you in my heart
I'm in love with, I'm in love with
I'm in love with a girl called Amanda
I'm in love with, I'm in love with
I'm in love witha girl called Amanda
Down at the beach, holdin' hands and walking
I can see the laughter in your eyes
To make this moment last I'd spend an eternity talking
An endless day with no goodbyes
Woha woha, I knew it right from the start
Woha woha, there's a place for you in my heart
Chorus
Solo
Woha woha, I knew it right from the start
Woha woha, a place for you in my heart
Chorus:
Chorus:

Any other Fool

SADAO WATANABE

1
I couldn't see paradise right before my eyes
And when I have you here by my side
I didn't know that no one else
Could ever take your place
But now I know
I know that I should have stayed
And seeing you tonight
I only wonder why
I ever said goodbye
Refrain 1
Any other fool
Would never walk away
Even a fool
Would still be there holdin' you
'Woh, any other fool would know
I never should have let you go
I had it all as any fool could see
Any other fool but me
2
Anyone else never would have
Let the feeling die
Anyone else would have fought
To keep it alive
If they were in my shoes
Then no more love we had
With love to give to you
Refrain 2
Any other fool
Would never walk away
Even a fool
Would still be there holdin' you
Woh, any other fool would know
I never should have let you go
I had it all when you were lovin' me
I had it all as any fool could see
Any other fool but me
I had it all when you were lovin' me
I had it all as any fool could see
(Repeat 1)
Any other fool but me
Ooh-hooh
Even a fool would still be there holdin' you
(repeat*)
(Any other fool)
Wooh-hooh
Even a fool would still be there

Babe, I Love Your Way

WILL TO POWER

Shadows close the door
Before my eyes
And I know that
Across the place
Suddenly the day turns into night
Far away on the city
Don't hesitate
'Cause love, you love her way
Oh no no
*Ooo babe, I love your way, everyday
Ooo wanna tell you I love your way everyday
Ooo wanna be with you night and day
Hey yeah I love your ways
If I leave here tomorrow
will you still remember me
For I must be travelling all night
There's so many place I've to see
But if I stay here with you, girl
Things just wan't be the some
'Cause I will be free as a bird now
And this bird will never change—rep. 2
Shadows close the door
Before my eyes
With the help super fly
I wonder how they help
The power to shines
I can see them under the pile
But don't hesitate
'Cause your love
Your love won't wait
* Chorus repeat

Baby Sittin' Boogie

BOMBALURINA

My girl babysits for someone on her block
Then I go on up to join her and we start to rock
The baby hears the beat, man it is a shock
When he goes—(Mr Mallett I can dance)
A rockin' type of boogie is the kind of song
That makes this little baby want to sing along
And though he maybe gets the tune a little wrong
He still goes...(Mr Mallett, Boogie oogie oogie)
He isn't too young to really feel the beat
I say he rocks back and forth in his little seat
He claps both his hands and he taps his feet
And he sings (she loves you yeah yeah yeah)
He is a hully gully bouncin' Baby boy
You know the record player is his favourite toy
And don't forget He's everybody's pride and joy
When he goes (look at me I'm a really good mover)
(Get Down)
I know there isn't anyone to take a bet
But surely he's the youngest teenager yet
And probably the hippest of the diaper set
As he goes (Mr Mallet er can I Have a dance)
He strolls in his stroller with the radio on
He doesn't go to sleep until the musics gone
He imitates the singer in the group with the lowdown voice
And when it's time to tuck him in is little bed
With all that music running through his sleepy head
The little fella doesn't say goodnight, instead
He says (Mr Mallett, I'm not tired yet)
Repeat last verse

Back To Life

SOUL II SOUL

Back to life back to reality
Back to the here and now yeh
Show me how decide what you want from me
Tell me maybe I could be there for you
How ever do you want me how
How ever do you need me
How ever do you want me
How ever do you need me
How ever do you want me
How ever do you need me how
How ever do you want me
How ever do you need me
Back to life back to the present time
Back from a fantasy
Tell me now take the initiative
I'll leave it in your hands until your ready
Chorus
I live at the top of the block
No more room for trouble and fuss
Need a change a positive change
Look it's me writing on the wall
Chorus
Back to life back to the day we have
Lets end this foolish game
Hear me out don't let me waste away
Make up your mind so I know where I stand
Chorus
Into fade

Black Velvet

ALANNAH MYLES

Mississippi in the middle of a dry spell
Jimmy Rodgers on the Victrola up high
Mama's dancing with baby on her shoulder
Sun is setting like molasses in the sky
The boy could sing, knew how to move everything
Always wanting more, he'd leave you longing for
Chorus
Black Velvet and that little boy smile
Black Velvet and that slow southern style
A new religion that will bring you to your knees
Black Velvet if you please
Up in Memphis the music is like a heat wave
White lightning is bound to drive you wild
Mama's baby in the heart of every schoolgirl
'Love Me Tender' leaves them crying in the aisle
The way he moved was a sin so sweet and true
Always wanting more he'd leave you longing for...
Chorus
Every word of every song that he sang was for you
In a flash he was gone, it happened so soon
What could you do.
Chorus

Close To You

MAXI PRIEST

She was a Jezebel this Brixton queen
Living her life like a backstreet dream
Telling me lies when the truth was clear
I think she knew what I wanted to hear
Spinning me round like a wheel on fire
Walking a tightrope on love's high wire
Fatal attraction is where I'm at
There's no escape for me.
Chorus
I just wanna be close to you
And do all the things you want me so
I just wanna be close to you
And show you the way I feel
I feel love when I'm lying in the midnight hour
Holding you just like a dream
Love is never what it seems
When we touch and you're holding me the way you do
Girl you make my dreams come true
You make my dreams come true
I just wanna be close to you
And do all the things you want me to
I just wanna be close to you girl
And show you the way I feel huh-huh
I feel love every time your body's next to mine
Something deep inside of me
Wants to love you endlessly
When we touch (touch)
Girl you don't know how it makes me feel
I just can't believe it's real (it's real)
I can't believe it's real
Repeat chorus
She had an attitude I can't explain
You never know if you're in frame
Tying me up with elastic words
I'm on a countdown till I get hurt
Her blood was not she burned so bright
A neon sign there in the night
It's hard to say if I went too far
My heart still bears the scars
I just wanna be close to you

Huh-huh-huh-huh
I just wanna be close to you
She was a Jezebel this Brixton queen
Living her life like a backstreet dream
Telling me lies when the truth was clear
I think she knew what I wanted to hear
I just wanna be close to you
Spinning me round like a wheel on fire
Walking a tightrope on love's high wire
Fatal attraction for where I'm at
There's no escape for me
I wanna be close to you
And do all the things you want me to
I just wanna be close to you
I just wanna be close to you baby
And show you the way I feel
I just wanna be close to you

Come Back To Me

JANET JACKSON

Looking through my old drawer
Came across the letter you wrote
Said you needed time away
That was so long ago
All my life I've waited
To see your smile again
In my mind I hated
Not able to let go
Chorus:
Come back to me
I'm beggin' you please
Come back to me
I want you to
Come back to me
I'm beggin you please
Come back to me
Lord knows that I have tried
To live my life as one
Friends tell me to hold on
Tough times don't last for long
My abandoned heart
Just doesn't understand
My undying love for you
Won't let me wait
Chorus:
Please come back to me
I miss you so much
Wherever you are I love you
All my life I've waited
To see your smile again
In my mind I hated
Not able to let go

Crown Of Thorns

CLARK DATCHLER

You were yesterday's hero
An ordinary man of flesh and blood
Took the World on your shoulders
A hopeless crusade, an act of love
But it's a world obsessed with religion
And now you wear the face of a god
Like the words you said, you're as good as dead
Just a work of art on the wall
And that's why nobody wears a crown of thorns
Nobody cares
Nobody wears a crown of thorns anymore
Holy men talk of hunger
While standing beneath a cross of gold
And there are preachers on the TV
In their thousand dollar suits, who sell your soul
To think you died for what you believed in
Only to be exploited and used
Now you're supermen from the promised land
Just a vision of Hollywood
....anymore
You showed me that there's hope for humanity
But once more you're being betrayed
So many countries torn by their idols
Too many prophets screaming for blood
And they only hear what they want to hear
When it comes to God up above

Dancin'

VANILLA ICE

Dancin', Dancin', Dancin'
Come on, come on, come on everybody
Come on, come on everybody
Come on everybody, come on, come on everybody
Come on, come on everybody
Let's do this dance
Get out your seats and let me shake your pants.
Oh, with the base cold thumpin' and the hihats snaren'
People are jumpin' and the fly girls are snaren'
People under 40...Yo! Let's get down.
Because they need more break and now it's sliced by Shay
The records out so don't wait.
The style that I'm doin', it'll ruin
All you people came here just for booin'
Get your dead ass up and back on the floor.
Jump in the groove and let Vanilla go.
Insane, with my gold chain.
You know you're gonna' see it on Soul Train. Hit it!
Dancin', Dancin', Dancin'...
All you people on the left, shake your think
And everybody on the right, do the same thing.
Now, the people in the middle, try to enhance,
Come on everybody, let me see you dance
In motion, with the potion
Get up everybody and locomotion.
All swing and do your thing
Unless of course, you can't hang, Chillin' is o.k.
But not when I play this song, move along, be gone.
Yea! The beat'll make you move when the records on.
Get with this style and update it
Like my record is, when you play it.
Def comin' strong, hard like a matador

I saw my style, my soul up on the dance floor.
Dancin', Dancin', Dancin'...Do it! Funk it up!
Dancin', Dancin', Dancin'...
Swingin' until the night is through
Just let your feet and your body take control of you
Just like a trance to keep you movin'
Everybody can do it, just keep on groovin'.
Of the 808...just kickin' like a chicken that you just ate.
So catch a groove so we can get down
Yell out the name of your hometown.
Miami...Catch the groove. L.A...Catch the groove.
New York...Catch the groove. Seattle...Catch the groove
Dallas...Catch the groove. Detroit...Catch the groove.
VIP dancers...Catch the groove. Everybody...Catch the groove.
Do it!
Dancin', Dancin', Dancin'...Yea! Can we do it?
Dancin', Dancin', Dancin'...Come on everybody...

Do You Remember?

PHIL COLLINS

We never talked about it
But I hear the blcame was mine
I'd call you up to say I'm sorry
But I wouldn't want to waste your time
'Cos I love you, but I can't take any more
There's a look I can't describe in your eyes
Yes we could try, like we tried before
When you kept on telling me those lies
Do you remember.....?
There seemed no way to make up
'Cos it seemed your mind was set
And the way you looked it told me
Its a look I know I'll never forget
You could have come over to my side
You could've let me know
You could've tried to see the distance between us
But it seemed too far for you to go
Do you remember.....?
Through all my life
In spite of all the pain
You know people are funny sometimes
'Cos they just can't wait
To get hurt again
Tell me do you remember.....?
There one thing we won't recall
Feelings we'll never find
It taken so long to see it
'Cos we never seemed to have the time
There was always something more important to do
More important to say
But 'I love you', wasn't one of these things
And was its too late
Do you remember....?

Don't shut me out

KEVIN PAIGE

Verse 1
I've been thinkin' 'bout somethin' you said
It seems to make no sense to me
That you don't want nobody's love
You say you'll only hurt again
Won't you let me in
B verse
You don't know what you've been missing
All of my love and all of my kissing
I'll love you like this, I'll love you like that
I bet you can't take that
Chorus
Don't shut me out
Don't tell me that you know what love's about
'Cause baby you know nothin'
Don't shut me out
Don't tell me that you live your life without
'Cause baby I've got something
Verse 2
I've been watching your body for years
It seems to me you need my help
But you've been drownin' that body in tears
It's time for you to make that change
Baby rearrange
Repeat B verse
Repeat Chorus
Verse 3
Why in the world do I have to take this
Why in the hell do you have to make this
Hard for you, hard for me
Girl I love you, can't you see that all my lovin'
I try to give to you, do you want it
Or would you rather have me say I love you
Repeat Chorus

Down Came The Rain

BOMBALURINA

She walked like a dream, from another world
I'd never seen such a lovely girl
She smiled as we stood on the sand
But just as I reached for her hand
Down came the rain
It's happened again
The thunder and lighting
Down came the rain
Down came the rain
Down came the rain
The rain came down boo hoo
We walked by the sea for a long, long time
I knew somehow she was naerly mine
The look in her eyes told me it is
But just as we stopped for a kiss
(Down came the rain)
She whispered to me she would be my bride
She'll always be standing by my side
I'd come to the end of my search
But just as we got to the church
(Down came the rain)

Downtown Train

ROD STEWART

Outside another yellow moon
Has punched a hole in the night-time mist
I climb through the window
And down to the stream
I'm shining like a new diamond
The downtown trains are full
Full of all the Brooklyn girls
They try so hard to break out of their little worlds
You wave your hand
And they scatter like crows
They have nothing that'll ever capture your heart
They're just thorns without the rose
Be careful of it in the dark
Oh if I was the one
You choose to be your only one
Oh baby can't you hear me now
Can't you hear me now
Will I see you tonight
On a downtown train
Every night every night is just the same
On a downtown train
I know your window and I know it's lit
I know your stairs and your doorway
I walk down your street and past your gate
I stand by the light off the foreway
Watch them as they fall
Oh baby they don't have any heart attached
They stay at the carnival
But they'll never win you back
*Will I see you tonight
On a downtown train
Every night every night is just the same
You leave me lonelier
Will I see you tonight
On a downtown train
All my dreams all my dreams fall like rain
On a downtown train
Repeat*
On a downtown train
All my dreams fall like rain
On a downtown train
Oh...

Eternal Flame

BANGLES

Close your eyes give me your hand darling
Do you feel my heart beating
Do you understand
Do you feel the same
Am I only dreaming
Is this burning as eternal flame
I believe it is meant to be darling
I watch you when you are sleeping
You belong with me
Do you feel the same
Am I only dreaming
Oh is this burning an eternal flame
Say my name sun shines
Through the rain
A whole life so lonely
And then you come and ease the pain
I don't want to lose this feeling

Everlasting Love

HOWARD JONES

He wasn't looking for a pretty face
She wasn't searching for the latest style
He didn't want someone who walked straight off the TV
She needed someone with an interior smile
She wasn't looking for a cuddle in the back seat
He wasn't looking for a five minute thrill
She wan't thinking of tomorrow or of next week
This vacancy he meant to permanently fill
I need an everlasting love
I need a friend and a lover divine
An everlasting precious love
Wait for it, wait for it, give it some time
Back in the world of disposable emotion
In the climate of temporary dreams
He wasn't looking for a notch on his bedpost
A love to push, pull and burst at the seams
I need an everlasting love
I need a friend and a lover divine
An everlasting precious love
Wait for it, wait for it, give it some time
Is this love worth waiting for
Something special, something pure
I need an everlasting love
I need a friend and a lover divine
An everlasting precious love
Wait for it, wait for it, give it some time
Is this love worth waiting for
Bitterness will die for sure
Something special, something pure
Is this love worth waiting for
I need an everlasting love
I need a friend and a lover divine
An everlasting precious love
Wait for it, wait for it, give it some time

Eyes Like Twins

WILSON PHILLIPS

I recognize that smile
Our winter was oh so cold
You wore your mysterious glow just like a child
No careless words were said
We spoke with eyes instead
We looked into each other like long lost friends
And you flew away
Like a migrant bird
You had a summer haunt
You said the ice would kill
But you would not be caught
We have eyes like twins
Where your last thought ends
My next begins always
Just one heartbeat away
From everything I mean to say
Oh, catch me I'm falling like you
Wish for me, I'll come running to save you
Touch me I'm calling for you
Remember me
I will never betray you
We have eyes like twins
I slept a thousand hours
My heart felt cold as a coward's
You sent a southern breeze like a forest fire
I heard those voices too
I dreamed each dream with you
We breathe as one together and we shed our tears
But then I woke with you
And my dream came true
I'll never hold you here
I know when winter comes
That you'll disappear
Repeat chorus
I see red when you're in danger
I see blue when you're crying
All the pictures I believe
Are you no stranger
Are you no stranger
Repeat chorus
You are no stranger
You are no stranger to me

Go I I I

VANILLA ICE

Get on up...I walk the beat and walk it with clarity
I wanna' make sure all's hearin'me
Ducks who's bummin', I found your hide away
I'm livin large y'all so by the way
Who rocked the crowd and rocks it loud
On the strengths, y'all, I'm takin' bows now
Kickin' up lyrics that others wanna' rock to
Rock like me, y'all this you can't do
The V, the A, the N, the I, the LLA y'all
It's vanilla
Go III, go III, get on up, Go III, go III, get on up
Go III, go III, get on up, Go III, go III, get on up
Hold on girl, let your feet move free
'Cause you move to the groove of Vanilla I-C-E
You come here to rock and let the white boy rap
If you a 'ho, get off my lap
'Cause Ice stands for bein' so cold
That's nickname I got for bein' so bold
Jerome stands for M.P.A.
My personal assistant, every day
I'm not an MC who come here to play
Yo, boy, I'm serious, I'm goin' all the way
Rhymes are clean, There's no need to be ill
And when I'm on the mic, I let'em all spill
(Repeat chorus)
I rock the mic like I'm a fanatic
When I see one, I got to have it
I'll whip up a sound that'll burst your eardrum
What you gonna' do? Don't you play dumb
Busy like Kizzy, Groovin' like Rubin
Don't care what you do, just keep movin'
Shakin' your limbs until they wear thin
I make your butt shake just watch the boy grin
Simple like Simon, With Ice rhymin'
Some MC's fakin'it, But I'm the diamond
I'm the rhyme doctor, always on call

You watch your fries, boy, or I'm gonna' take yours
(Repeat chorus)
Start skeezin' and move that hip girl
Get in the mood and don't you quit
Smooth as slime, King Rhyme
Rock it boy, 'Cause it's a crime
I'll make you scream like you're in between
When I'm on the mic, yes I'm the king
'Cause I'm hungry as a dog, I'll eat up
My rhymes are runnin', don't interrupt
'Cause I'm a throne overtaker, Not an MC faker
I like my coffee, but I can't stand Sanka
(Repeat chorus)

Heart Like a Wheel

HUMAN LEAGUE

Calling up the promised land, Johnny Seven's coming over the sea.
He's taking your time.
When you want to be free.
Holding out a helping hand.
Are you ready for a real career?
Will you be so cool.
When its happening here?
It don't say nothing that I haven't heard.
If what I hear is true.
You won't keep the law with a broken word.
So what are you going to do?
Heart like a wheel.
Turning away from anything that's real.
Heart like a wheel
Changing in time.
Beating colder steel.
Pass the message around the world.
The medium is in retreat.
The power is here.
And packing some heat.
Sell your soul to a holy war.
Set the captive free.
We make no promises anymore.
But it isn't fooling me.
Heart like a wheel.
Turning away from anything that's real.
Heart like a wheel
Changing in time beating colder steel.
You can't keep the wheels turning anymore.
With anger blood and fear.
Or make any friends with on M16.
When you blast your way through here.
heart like a wheel.
Turning away from anything that's real.
Heart like a wheel.
Changing in time beating colder steel.
Heart like a wheel.
Turning away from anything that's real.
Heart like a wheel
Changing in time beating colder steel
Heart like a wheel.
Turning away from anything that's real.
Heart like a wheel
Driving the world is going to be a steel.

Hold On

WILSON PHILLIPS

I know this pain
Why do you lock yourself up in these chains?
No one can change your life except for you
Don't ever let anyone step all over you
Just open your heart and your mind
Is it really fair to feel this way inside?
Someday somebody's gonna make you want to
Turn around and say goodbye
Until then baby are you going to let them
Hold you down and make you cry
Don't you know?
Don't you know things can change
Things'll go your way
If you hold on for one more day
If you hold on far one more day
Things'll go your way
Hold on for one more day
You could sustain
Or are you comfortable with the pain?
You've got no one to blame for your unhappiness
You got yourself into your own mess
Lettin' your worries pass you by
Don't you think it's worth your time
To change your mind?
Repeat Chorus
Breakown/Chorus
Don't you know things can change
Things'll go your way
If you hold on for one more day, yeah
If you hold on
If you hold on
Mmm...if you hold on baby
Won't you tell me now
Hold on for one more day' couse
It's gonna go your way
Don't you know things can change
Things'll go your way
If you hold on for one more day, yeah
Can't you change it this time
Make up your mind
Hold on hold on
Baby hold on...turn around just turn around baby
Hold on for one more day, cause
It's gonna go your way...

Hold On

EN VOGUE

When I had you
I treated you bad
Wrong my dear
But since, since you went away
Don't you know I sit around
With my head hanging down
And I wonder who's loving you
Ooh my first mistake was
I wanted too much time
I had to have him morning noon and night
If I would have known then
The things that I know now
I might not have lost the time I complain about
Chorus:
Don't waste your time
Fighting blind mind thoughts of despair
Hold on to your love
You gotta hold on
Hold on to your love
Ooh, ooh baby hold on
Hold on to your love
You gotta hold on
Hold on to your love
The art of playing games now
It's not the hearts you break
It's 'bout good love you make
When it's hearts on fire
Give him love everyday
Remember he needs space
Be patient and he'll give his herat to you
Chorus
Trust and honesty too
Must be the golden rule
You'll feel the strength of passion in your soul
Burning so deeply within
Ooh the magic that you share
So sacrifice and show how much you care
Chorus
Ad Lib:
Keep the ties

Hang on tight
And don't let go
Non, no, no, no
If you need him
Really want him
Just keep on
Just keep on hanging on
Little trust, honesty, golden rules
Feel the strength of passion in your soul
It's burning so deep
Have faith
Just keep the fire burning at home
Hey yea
He'll come home to you
He'll be there for you
He'll want to have you
(fade)

Hooked

VANILLA ICE

1 2 3 4 Hit it, hit it
Yea—Here's a story 'bout my homeboy Randy
He was hooked on a girl named Candy
Started off as sex for fun
Now the girl's got him on the run
Made love to her just one time
Now she runs his body and mind
He calls everyday on the phone
But Baby's playin' games
Leave a message at the tone
Soft and gentle is not her style
This girl is so damn wild
All my partners wanna get next to her
But she ain't down with that
She moves right through 'em
Yea, like paper plates
Tears'em up and she throws 'em away
If you had any guts today
You'd get your butt up and you'd walk away
But you're hooked hooked
Know what I'm sayin', You're hooked hooked
Yo, get tough was your new campaign
Cryin' over a girl, boy, you're insane.
She treats you like a dirty diaper
Use you one time and then she wipes you out
You understand what I'm sayin?
If you're a man, you'll stop delaying and betraying
Try to act like you were mack
You can't go an hour without that sex attack
What's wrong, boy is it that good?
There's a lot of girls that would and could
Take you, but you're so damn weak
I think you need to seek professional help
for our problems
Lay on the couch and let the Dr. solve'em
Talkin' to you and now he took your money
You're took on that honey you're hooked hooked,
Hooked
Fellas, you know what I'm sayin', He's hooked
Ain't got an ounce of mack in him, He's hooked.

Yeah, Baby, runs you, she takes your money
While you'll kick back cryin' over honey
Now, I must admit she's fly
But I'll be damned if oh me oh my
If I ever let a girl run my thing
I'm poppin' it the most, you know what I'm sayin?
So understand, you gotta be real hard
Don't treat her like a dog, But let her know
You'll pull her card if she ever gets outta hand
What is you a boy or a man?
Stand up and tell Baby and ain't gonna be shook
You punk, you're hooked on that sssy
I don't know why
I don't stand by and just jet a girl, run over me
Fool—I'm a man. Can't you see boy, You're hooked
Yeah—You're hooked, Might as well give her to me man
Let me do the wild thing, You're hooked
Shoot, I'm poppin' it man, you're hooked
Let me talk to you for a second, So, what's up, Vanilla?
Yo man Come here man, What?
You know man, you ain't doin' it right, You're off man
See you know what the problem is?
That ring I bought her, The diamonds weren't big enough
I'm tellin' ya—the diamonds weren't...I'm goin'...You know
what she wants...I'm goin' tell ya'...No man, when I first met her she said she wanted a Vette, I'm gonna' get her a
'Vette No man, no... a 'Vette...I'm, gonna get her the 'Vette, No man, hey wait up
Now it's Saturday, the day you hate most
Why, because from coast to coast
You see girls everyday in the club, Cold kickin' it
Reminds you of Baby when you used to be, with it
But now she took you one time for sex and you'Re so sprung
That the next time the seen you we knew she had to leave you
Boy you're hooked
Boy, You've hooked Hooked Hooked

I Don't Wanna Cry

MARIAH CAREY

Once again we sit in silence
After all is said and done
Only emptiness inside us
Baby, look what we've become
We can make a million promises
But we still won't change
It isn't right to stay together
When you only bring each other pain
Chorus
I don't wanna cry
Don't wanna cry
Nothing in the world
Could take us back
To where we used to be
Though I've given you my heart and soul
I must find a way of letting go
'Cause baby, I don't wanna cry
Too far apart to bridge the distance
But something keeps us hanging on and on
Pretending not to know the difference
Denying what we had is gone
Every moment we're together
It's just breaking me down
I know we swear it was forever
But it hurts too much to stay around
Chorus
All the magic's gone
There's just a shadow of a memory
Something just went wrong
We can't go on make-believing
Chorus

I Don't Want To Live Without You

FOREIGNER

I find myself in a strange situation
And I don't know how
What seemed to be on infatuation
Is so different now
I can't get by if we're not together
Ooh can't you see
Girl, I want you now and forever
Close to me
I'm longing for the time
I'm longing for the day
Hoping that you will promise to be mine
And never go away
A don't want to live without you
I don't want to live without you
I could never live without you
Live without your love
I ask myself but there's no explanation
For the way I feel
I know I've reached the right destination
And I know it's real
I'm longing for the time
I'm longing for the time
I'm longing for the day
When I'll be giving you this
Heart of mine
Believe me when I say

I Don't Want to Need You

Baby, I never give my heart to anyone, oh no
Used to think that love was a game
I used to make it just for fun
When we spent the night together
Didn't mean it meant that much
Now I just can't live without your touch
I didn't wanna need you, no
I didn't wanna want you like I do
I didn't mean to fall
Didn't wanna care at all
I didn't wanna need you
Like I need you now
I can't get no sleep
Coz I keep thinking of you all through the night, oh yeah
My eyes can't wait to see you again
My arms can't wait to hold you tight oh yeah
And when you're lying here beside me
There is nothing else I need
Never thought that this could ever be
I didn't wanna need you, oh no
I didn't wanna want you like I do
I didn't mean to fall
Didn't wanna care at all
I didn't wanna need you
Like I need you now
I've always been free
To leave when I wanna leave
But it's not up to me anyone
I didn't wanna need you.....
I didn't wanna need you, no
I didn't wanna want you like I do
I didn't mean to fall
Didn't wanna care at all
I didn't wanna need you
But I need you now

I Love You

VANILLA ICE

Girl, I keep thinkin' of how I feel
When I'm in your arms gives me a chill
Just knowin' that you want me by your side
Mellows my mind and enhances my pride
Girl, I need you more and more each day
Believe me when I tell you I'm here to stay
I'm captured by your love and your pretty smile
Your devastating beauty and your sweet profile.
I love you, 'Cause I love you
I love you, 'Cause I love you
You're so fine, Let's wine and dine.
I'm so happy that you are mine.
Thinking of you I melt with desire
Take you in my arms, let love take us higher
To hear you talk, sounds so sweet
When you're close to me I feel your heat
Girl, I want you and you want me
And it'll last until eternity.
You're like the snow fallin' from the sky
So clean, like the look in your eye.
You're my queen, I'll buy you everything
Yes, girl, even diamond rings.
'Cause you're my lady, and this love is true
Every sunset makes me think of you.
And I'll never forget what you mean to me
Comin' straight from the heart of Vanilla I-C-E.
I love you, 'Cause I love you
I love you, 'Cause I love you
Hello, Girl, when I first saw you. It was love at first sight.
We've been goin' out now for about two years and I still feel the same.
I know I haven't said it much before...well...it's because,
See, I get all choked up inside, It just doesn't wanna'
Come out I don't know, Maybe this'll help all the bad things I've done. So, no matter what goes on, no matter
what happens, always remember...I love you!

I Promised Myself

NICK KAMEN

I promised myself
I promised I'd wait for you
The midnight hour
I know you'll shine on through
I promised myself
I promised the world to you
I gave you flowers
You made my dreams come true
How many of us out there
Feel the need to run and look for shelter
I promised myself
That I'd say a prayer for you
A brand new tomorrow
Where all you wish comes true
I promised myself
That I'd make it up to you
My sister and brother
know I'm in love with you
How many of us out there
Feel the pain, of losing what was once there
God I know what people say about her
No mistake, who can live without love
I promised myself
I promised I'd wait for you
The midnight hour
I know you'll shine on through
I promised myself
I promised the world to you
I gave you flowers
You made my dreams come true
In the midnight hour I will wait for you
I will wait for you, I will wait for you

I Wish It Would Rain Down

PHIL COLLINS

You know I never meant to see you again
And I only passed by as a friend
All this time I stayed out of sight
I started wandering why
Now I, I wish it would rain down, down on me
Yes I wish it would rain, rain down on me
You said you didn't need me in your life
I guess you were right
Well I never meant to cause you no pain
But it looks like I did it again
Now I, I wish it would rain down...
Though your hurt is gone, mine's hanging on, inside
And I know, it's eating me through every night and day
I'm just on your sign
Cos I know, I know I never meant to cause you no pain
And I realise I let you down
But I know in my heart of hearts
I know I'm never gonna hold you again
Now I, I wish it would rain down...

Ice Cold

VANILLA ICE

Your bad self...
All right, stop, spread yourself around
Get loose girl, let's break it down
Get down, straight to the floor
Get excited and beg for more
As I go on, flow on with a smile
Pay attention to my style
Dirty but hot, ya' know what I mean?
Get loose girl like a sex fiend, Let's do it.
'Cause you know what I want
Me and you babe go one on one
Get freaky and I do the same
Get hot and I ride like a sex machine
Ice cool and you're colder than ever, I like it
Ice cool and you're colder than ever
Ice cold, cooler than ever
Never say never 'cause I'm so damn clever
Lickin' your lips, I'm ridin' your hips
V.I.P. posse and we're pimps
Be on the lookout in your vicinity
I'm robbin (virgins of their virginity)
Like Robin Hood gave to the poor
I rock Kashla and now she wants more
She calls everyday, it's gettin' kinda' silly
But she rides my sadddle like Bronco Billy
In a rodeo somewhere out west
She screams out "Vanila Ice, you're the best!"
Echoing out, can you hear?
She screams out everywhere
Just a pimp and you know
Snatchin' women, so Yo!
You can beg, plead and tell me you love me
But there's no way I'd put a girl above me
Unless it's sex and you wanna' ride
Jump on my saddle, baby, and get live
(Repeat chorus)
Move your body all around
This is the dope jam, so get down
Now that you like what I'm sayin' admit it
This is the jam and Vanilla just did it

I made you work 'til your butt got sore
In other words, I'm about to get raw
On stage, it's a V.I.P. Don' dances from A to Z
Pumpin' it, pushin' it, stick it hard
I freaked your girl in the back of your car
I wore a jimmy that I slapped on Popped a rubber
duckie, So bought me a Trojan
Get ready, hyped into the groove
As I practiced to make your body move
You're fienin' for a meanin', oh yes, I'm comin'
Vanilla Ice is here so you suckers start runnin'
This is the jam I know you're gonna like
DeShay he cuts like a knife
He won't smirk and he won't smile
DeShay get Funky for a while
Yo, it's time for me to pump, pump....
Pump up the volume
Repeat chorus

Ice Ice Baby

VANILLA ICE

Yo, Vip, Lets kick it!
Ice Ice Baby, Ice Ice Baby
All right stop, collaborate and listen
Ice is back with my brand new invention
Something grabs a hold of me tightly
Then I flow like a harpoon daily and nightly
Will it ever stop? Yo—I don't know
Turn off the lights and I'll glow
To the extreme I rock a mic like a vandal
Light up a stage and wax a chump like a candle.
Dance, Bum rush the speaker that booms
I'm killing your brain like a poisonous mushroom
Deadly, when I play a dope melody
Anything less than the best is a felony
Love it or leave it, You better gain way
You better hit bull's eye, The kid don't play
If there was a problem, Yo, I'll solve it
Check out the hook while my DJ revolves it
Ice ice Baby vanilla, ice ice Baby vanilla
Ice ice Baby vanilla, ice ice Baby vanilla
Now that the party is jumping
With the bass kicked in, the Vegas are pumpin'
Quick to the point, to the point no faking
I'm cooking MCs like a pound of bacon
Burning them if they're not quick and nimble
I go crazy when I hear a cymbal
And a hi hat with a souped up tempo
I'm on a roll and it's time to go solo
Rollin' in my 5.0
With my ragtop down so my hair can blow
The girlies on standby, Waving just to say Hi
Did you stop? No—I just drove by
Kept on pursuing to the next stop
I busted a left and I'm heading to the next block
That block was dead
Yo—so I continued to AIA Beachfront Ave
Girls were hot wearing less than bikins
Rockman lovers driving Lamborghinis
Jealous 'Cause I'm out getting mine
Shay with a gauge and Vanilla with a nine

Reading for the chumps on the wall
The chumps acting ill because they're so full of eight balls
Gunshots ranged out like a bell
I grabbed my nine—All I heard were shells
Falling on the concrete real fast
Jumped in my car, slammed on the gas
Bumper to bumper the avenue's packed
I'm trying to get away before the jackers jack
Police on the scene, you know what I mean
They passsed me up, confronted all the dope fiends
If there was a problem, Yo, I'll solve it
Check out the hook while my DJ revolves it
Ice ice Baby vanilla, ice ice Baby vanilla
Ice ice Baby vanilla, ice ice Baby vanilla
Take need, 'Cause I'm a lyrical poet
Miam's on the scene just in case you didn't know it
My town that created all the bass sound
Enought to shake and kick holes in the ground
'Cause my style's like a chemical spill
Feasible rhymes that you can vision and feel
Conducted and formed , This is a hell of a concept
We make it hype and you want to step with this
Shay plays on the fade slice like a ninja
Cut like a razor blade so fast, Other DJs say, "damn"
If my rhyme was a drug, I'd sell it by the gram
Keep my composure when it's time to get loose
Magnetized by the mic while I kick my juice
If there was a problem, Yo—I'll solve it!
Check out the hook while Deshay revolves it.
Ice ice Baby vanilla, ice ice Baby vanilla
Ice ice Baby vanilla, ice ice Baby vanilla Ice
Yo man—Let's get out of here! Word to your mother!
Ice ice Baby Too cold, ice ice Baby too cold too cold
Ice ice Baby too cold too cold ice ice Baby too cold too cold

Ice Ice Baby

MADONNA

Come over here
Some girls they like candy
And others they like the gripe
I'll settle for the back of my hand
Somewhere on my behind
Treat me like I'm a bad girl
Even when I'm being good to you
I don't want you to fight me
You can just spank me ooh
Some guys like to sweet talk
And others they like to tease
Tie my hands behind my back and
Ooh I'm in ecstasy
Don't slobber me with kisses
I can get that from my sister
Before I get too clunky
Chorus:
You better like hanky panky hanky panky
Nothing like a good spanky
A good spanky
Don't take our handkerchiefs
I don't wanna cry
I just wanna hanky panky
Like hanky panky
Hanky panky
Nothing like a good spanky
A good spanky
Don't take out your handkerchiefs
I don't wanna cry
I just wanna hanky panky guy ooh
Please don't call a doctor
Cause there's nothing wrong with me
I just like a little rough
And you better not disagree
Cause I don't like a big softy
No
I like someone mean and bossy
Let me speake to you frankly
Ooh-ooh
Repeat Chorus:

Yeah
What about yeah
That's an interesting mmm
'Bout it I was just thinking about it
She wants you to
Treat me like a bad girl
She needs you to
Even when I'm being good to you
I don't want you to thank me
Don't thank her
You better
Repeat Chorus:
Yeah
Get the picture
Don't wanna cry
I just wanna
That's the way I came into this world
The doctor said lady she's a beautiful girl
You gave me your spanky and the doctor smiled
So give it up mama cause I want it yeah
Hanky panky
A good spanky
I don't wanna cry
I just wanna hanky panky
Hanky panky
Repeat to Fade

Ice Is Workin' It

VANILLA ICE

Yo! Here comes the intro
It's time to let it go
I live the life of my rhyme, I think I'll let it show
So keep it goin' so the mic can stay warm
Then I know I've been doin' my job 'cause there'll be sweat pourin'
So pick and choose you weapon but don't slip
I'm here to kill you boys with the flex of my mic grip
So pump your fist like this, but don't miss
The hook and the break when you decide to dance to this
Lyrical concept that's meant for the dance floor
I know you adore 'cause that's what you came for
The Ice rhymer is back and livin' large
And when I'm at a show you better wear camouflage
'Cause there was plenty who thought I couldn't swing this
But now all I get from the crowd is just a pumped fist
So sing along with the chorus 'cause it's a hit
Or stay at home alone 'cause Ice will be workin' it
Work it, work it, work it, work it, work it, work it, work it, work it, work it, ice, yea! C'mon and work it baby
Work it, work it, work it, work it, work it, work it, work it, work it, work it, ice, yea! C'mon and work it baby
Go white boy, go white boy, go!
Check out the hook, Vanilla Ice, yep, yep
I'm makin' a killin' and chillin' because I'm cool as an ice pack
You're lovin' everything when I think of a new track
I keep my rhyme flowin', notice its right on time
And separate the wax and keep my mic in line
So put your body in motion and let me know that you're there
And those playin' the wall don't be scared
'Cause it's a foundation of breaks put to a beat
Strong as concrete 'Cause I'm rockin' the beat
I'm in rock mode now 'Cause I'm steppin' like a soldier
Move to the groove and try to hold your composure
Never the less I'm back to attack
I came to manifest, and express to this dope track

Blow off the lid for the kid I get nice
That's why the ladies scream...Oh! Vanilla Ice!
Forthcomin' I'm risin' to the top
The real defintion of funk is put to hip hop
That's what I thought, you're caught by the friction
Pens to the pad when I'm shakin' the mixin'
What I like to hear is a drummer get wicked
The tone of a vocal thrown and then kick it
Don't be surprised if your eyeballs swell
I know it's hard to regard 'Cause I'm loved by the females
Masses of many, which is plenty, comes to a halt
So pump up the crowd and give 'em somethin' to step to
MY DJ's at his max to enhance what I bring you
The concepts hittin' so follow along like a cookbook
Acknowledge the pros from all the titles I took, yea The crowd's at ease when I breathe through the mic and
As I whip up a dance better move all the mic stands
I go to work on the floor like wet mop
If you've ever been moved, check it out when I rock
(Repeat chorus)
Throw your hands in the air and let's get hyper
Flip this thing and sting like a viper
Rollin' with the rhythm, I did it for my opponent
If there was a crown to be taken, yea, I would own it
Believe that my rhyme is spoken like it has to be with slang to stain it's a sheer catastrophe Sheer to the point, to the point it's like lethal
The dope that I'm sellin' is not even illegal
But, still knocks you out with clout to make you shout
To rock the party people show 'em what it's all about
Money, yea, is the key to all problems
If you believe that, then you should surely solve em
'Cause I got the key, the key to attack
The knowledge from my dome, from the top of my track
To my foes, I can show I can flow 'cause I'm legit
Thinkin' of a new dance Ice will be workin' it
(Repeat chorus)

If Only I Could

SYDNEY YOUNGBLOOD

Everybody all around the world
Stand up all my brothers
Joining our hands
United we're stronger
Fighting for our peace
Caring about loved ones
Trusting ourselves
Sharing our feelings
Belive me
If only I could I'd make this world a better place
If only I could I'd make this world a better place
Ooh believe me believe believe me believe
If only I could
I think about the implications
When alone between the sheets
When all the huggin' and kissin'
Is tearing my heart apart
All people standin' hand in hand
Celebratin' all diferent colours
Joining together
Sharing their feelings
Please believe me
Oh believe me believe believe me believe
If only I could I'd make this world a better place
If only I could I'd make this world a better place
If only I could
Mmm believe me believe me believe
If only I could

I'll Be Your Everything

TOMMY PAGE

So long that I've waited for a girl
To come into my life and in my world
I can't explain my feelings for you
I guess you're just all my dreams come true
And I'll be your lover, your lover
And I'll be your best friend, oh I'll be your friend
I'll be there when you're needing me, when you need me
I'll be your everything, your everything
Chorus:
I'll be your everything
I'll be all that you want and all that you need,
I'll be your everything
I'll be all that I have, my love, my life and me
I'll be your everything
Now that we're together at last
We shouldn't think about our problems in the past
Cause true love takes a miracle to find
I guess that I've been blessed cause
I've got you by my side
And I'll be your lover, your lover
And I'll be your best friend, oh I'll be your friend
I'll be there when you're needing me, when you need me
I'll be your everthing, your everything
When you're lost and you're down
And you're seeing darkness
And there's no one there that can be found
Just turn around
I'll be there holding out my arms for you
Just reach for me, I'll be the one to set you free
I'll lift you up when you're feeling down
I'll make your whole world turn around
I'll give my heart and soul to you
To let you know this love is true.

I'll Be There For You

BON JOVI

I guess this time you're really leaving
I heard your suit case say goodbye
And as my broken heart lies bleeding
You say true love is suicide
You say you've cried a thousand rivers
And now you're swimming for the shore
You left me drowning in my tears
And you won't save me anymore
Now I'm praying to God you'll
Give me one more chance, girl
I'll be there for you
These five words I swear to you
when you breathe I want to
Be the air for you
I'll be there for you
I'd live and I'd die for you
Steal the sun from the sky for you
Words can't say what a love can do
I'll be there for you
I know you know we've
Had some good times
Now they have their own hiding place
I can promise you tomorrow
But I can't buy back yesterday
And Baby you know my hands are dirty
But I wanted to be your valentine
I'll be the water when you get thirsty
When you get drunk, I'll be the wine
I'll be there for you
These five words I'd swear to you
When you breathe I want to
Be the air for you
I'll be there for you
I'd live and I'd die for you
Steal the sun from the sky for you
Words can't say what a love can do
I'll be there for you
Salo
And I wasn't there when
You were happy

I wasn't there when you were down
I didn't mean to miss your birthday, baby
I wish I'd seen you blow those candles out
I'll be there for you
These five words I'd swear to you
When you breathe I want to be
The air for you
I'll be there for you
I'd live and I'd die for you
Steal the sun from the sky for you
Words can't say what a love can do
I'll be there for you

Impulsive

WILSON PHILLIPS

The secret of love
I thought I understood
The way it's supposed to be
I never imagined you could
Blow my theory apart
And now you're running away with my heart
I don't wanta think about it, don't wanta think clear
Don't analyze
What I'm doing here
Wanta be impulsive
Reckless
And lose myself in your kiss
Arrows through hearts
Drawn on a mistry window
You're taking me home in the rain
My heart is beating
Don't say no
My head keeps saying take it slow
I don't wanta think about it, don't wanta think clear
Don't analyze
What I'm doing here
Wanta be impulsive
Reckless
And lose myself in your kiss
You're giving me a feeling
It's a sudden rush
Acting on the moment
Spontaneous
Ooh this is not like me
To follow my heart so easily
I am reckless...Impulsive
I don't wanta think about it, don't wanta think clear
Don't analyze
What I'm doing here

Wanta be impulsive
Reckless
And lose myself in your kiss
You're giving me a feeling
It's a sudden rush
Acting on the moment
Spontaneous
Wanta be impulsive...reckless
And lose myself in your kiss
Impulsive
I want to be impulsive
I'm gonna be impulsive
Reckless
And lose myself
Lose myself

It Must Have been Love

ROXETTE

It must have been love
But it's over now
Lay a whisper on my pillow
Leave the winter on the ground
I wake up lonely
Is there a silence
In the bedroom and all around
Touch me now
I close my eyes
And dream away
Chorus
It must have been love
But it's over now
It must have been good
But I lost it somehow
It' must have been love
But it's over now
From the moment we touched
To the time that ran out
Made believing we're together
That I'm sheltered by your heart
But in and outside I turn to water
Like a teardrop in your palm
And it's a hard
Winter's day
I dream away
It must have been love
But it's over now
It was something I wanted
Now I'm living without
It must have been love
But it's over now
It's where the water flows
It's where the wind blows
Repeat chorus
Yeah it must have been love
But it's over now

It was something I wanted
Now I'm living without
It must have been love
But it's over now
It's where the water flows
It's where the wind blows
Oh-oh-oh
(Must've been love but its over now)
(But it's over now) now
(It must have been love must have been love)
(But it's over now but it's over now) now

It's A Party

VANILLA ICE

Yea...Vanillas' stand the world on a chair. Yea!
Vanilla 'll knock 'em down on their rear Yea!
Vanilla'll make'em all stand up and cheer, Yea!
He's the Vanilla! Break, break, break down.
Sparkin' like a towerin' Inferno
You wanna' learn my songs, This ain't no journal
It blemished my rhyme, Because I'm drawin' the line
Don't celebrate too soon, 'Cause I'm goin' for mine
Just a character in a made up cartoon
Like Witchel and Hazel, Boy, you're pushin' a broom
So get a new life or come equipped with the best
Mark another one for Ice, let the microphone rest
Just listen to my groove, the beat is strong
And I'll rock it now, I need a microphone
I'm in the mood to dance, I'm in the mood to prance
You tried me once but now you're takin' a chance
Because I rock with flavour, Hard as lifesaver
You asked for dope, Ha...That's what I gave ya'
A chance to go but now you move too slow
My juice is pumped and I'm ready to go
Go...It's a party...Come on...Let's do this...Come on...
Real good...Into a new phase, jumpin' up the airwaves
And now your amazed 'cause it's hip hop that you crave
Because I'm hyped like an addict, there's no drug involved
The only thing I need is my record revolved
Def comin' strong, hard like a matador
I saw my style, my soul, up on the dance floor
I wanna see ya' shake, shake and shiver
You're a charity case, and Ice is the giver
I'm givin' you what you want but you're dumb and naive
You can't cope with the dope Ice has conceived
Which is dope jam, hotter than the third degree
You tried my style but I burn you see
I'm Ice and I'm cold, I'm buildin' igloos of gold
You wanna' bite my style, you gotta' have soul
'Cause a dope like this is not easy to come by
You don't buy it on the street, it comes out your HiFi

It's party...Come on...'Let's do this...
You think it's funny to lack but I'm a brother to Mack
The 809 kickin' base from a dope drum track
I'm the coolest of cool, kickin' cool silly fools
Your posse's takin' a dip and Vanilla's the pool
Get ready for my ritual, it's at its' peak
Silly punks bow down 1st the lyricist speak
Intruders get slayed, My pockets get paid
The girlie is jockin' it and just got laid
See I'm the press you elect, Keep the record erect
In effect, damn, ain't that what you expect?
Earthquake is on the funk, My homie's not a punk
Take your antique rhymes and sell'em as junk
You see,we won't come frontin' and sellin' drugs and all that shit
Fake caddies, mack daddies, ain't even legit
So, get a beeper, you're a sleeper and you need to wake up
So make the record transform so Carwin Vegas
It's a party...Come on...Let's do this...
Do it! We don't need no music
'Cause all we wanna' do, Is sing and dance and party down
I'm the best, He's the Vanilla
It's a party...Come on...Let's do this...

BOMBALURINA

Chorus, Kiss me honey honey—kiss me
Thrill me honey honey thrill me

RANDY CRAWFORD

Uhm...uhm...

Well, I feel I'm knockin'
Knock, knock, knockin on heaven's door
Knock, knock, knockin' on heaven's door

I can't shoot them anymore
That long black cloud is coming down
And I feel I'm knockin' on heaven's door
Refrain 2
Well knock, knock, knockin' on heaven's door
(yeah...yeah...)
Knock, knock, knockin' on heaven's door

I wish somebody would take this gun off for me
(Knock, knock, knockin' on heaven's door)

Leave A Light On

BELINDA CARLISLE

Take my hand
Tell me what you are feeling
Understand
This is just the beginning
Although I have to go
It makes me feel like crying
I don't know when I'll see you again
Chorus
Darling LEAVE A LIGHT ON FOR ME
I'll be there before you close the door
To give you all the love that you need
Darling LEAVE A LIGHT ON FOR ME
'Cause when the world takes me away
You are still the air that I breathe
I can't explain I just don't know
Just how far I have to go
But darling I'll keep the key
Just leave a light on for me
Yes I know
What I'm asking is crazy
You could go
Just get tired of waiting
But if I lose your love
Torn out by my desire
That would be the one regret of my life
Repeat Chorus
Bridge
Just like a spark lights up the dark
Baby that's your heart
(Repeat 3 times)
Repeat Chorus

Life Is A Fantasy

VANILA ICE

Oh yea...In my dreams I 'vision myself at the ocean
Beautiful girls rubbin' me down with some lotion
Even though you know I flow as cold as an ice cube
Let me tell you how it is to make love on an inner tube
Floatin' on water while splashin' waves on your body
Flowin' and goin', now pump it, pump it, Hottie
See, I wanna get loose with you, is that all right?
Girl, I wanna' do it outside, under the moonlight
And get on down so we can make that love
You be the hand and Iceman'll be the glove
This is your fantasy, your highest dream
Fulfillin' all your pleasures to the utmost extreme
Yea...Life is just a fantasy...Yea...
Now, let me take you out so we can wine and dine
As I pull you close you pull your lips next to mine
Oh yea, you like it like that
You like it like I do and that's where it's at
So later on that night as we got in my car
It started up again we didn't get very far
You made it very clear that you were not in fear
Leaned over to me and started kissin' my ear
Oh girl, you feel so good
You couldn't wait to get home and I understood
As we got busy, then I pulled up in the driveway
You said follow me 'cause we're gonna do it my way
Walked in the front door you startin' strippin' clothes
Turned off the lights and assumed the pose
Closer and closer, hot anticipation
You walked into the closet, came out in some lace'nd
I almost lost my mind, but I kept it in tact

The lace you was wearin', ohhh, I got an attack
'Cause this is your fantasy, your highest dream
Fulfillin' all your pleasures to the utmost extreme
Yea...Life is just a fantasy
Yea...Life is just a fantasy
Come on baby and let me be your toy
I'll let you do as you wish just to give you joy
And get down, I know you wanna' get loose
Let's do it like a train and I'll be the caboose
Or better yet, I'll take you higher, I think that it's time
To make love to you baby on cloud number nine
As we start pumpin', sweat pours down my chest
And that's when you know Vanilla Ice is the best
You say ooh, ah, ooh, ooh, ah
I don't know what it means but I like it a lot
This is your fantasy, your highest dream
Fulfillin' all your pleasures to the utmost extreme
Yea...Life is just a fantasy
O yea...Life is just a fantasy...Oh girl...

Listen To Your Heart

ROXETTE

I know there's something
In the wake of your smile
I get a notion
From the look in your eyes, yea
You've built a love
But that love falls apart
Your little piece of heaven
Turns too dark
Listen to your heart
When he's calling for you
Listen to your heart
There's nothing else you can do
I don't know where you're going
And I don't know why
But listen to your heart
Before you tell him goodbye
Sometimes you wonder
If this fight is worthwhile
The precious moments
Are all lost in the tide, yea
They're swept away
And nothing is what it seems
The feeling of belonging
To your dreams
And there are voices
That want to be heard
So much to mention
But you can't find the words
The scent of magic, the beauty that's been
When love was wilder than the wind

Lollypop

BOMBALURINA

Chorus: Lollypop lollypop ooh lolly lolly lolly
Lollipop lollypop ooh lolly lolly lolly
Lollipop lollypop ooh lolly lolly lolly
Lollipop lollypop ooh lolly lolly lolly, my lollypop
Call my baby lollypop—tell you why
Her kiss is sweeter than an apple pie
And then she does her shake a rockin' dance
Man I haven't got a chance
Chorus
I call her
Chorus (AHs)
Sweeter than candy on a stick
Huckleberry cherry or lime
If you had a choice she'd be your pick
But lollypop is mine
Chorus (AHs)
Crazy way she thrills me
Tell you why
She's like a lightning from the sky
She loves to kiss me till I can't see straight
Gee my lollypop is great
Chorus
Lollypop (Repeat Intro)
Sweeter than candy...
Lollypop etc

Lost In Your Eyes

DEBBIE GIBSON

Verse I
I get lost
In your eyes
And I feel my spirits rise
And soar like the wind....
Is it love that I am in?
I get weak
In a glance
Isn't this what's called romance?
...and now I know
'Cause when I'm lost
I can't let go
Chorus:
I don't mind not knowing
What I'm headed for
You can take me to the skies...
It's like being lost in heaven
When I'm LOST IN YOUR EYES
Verse 2
I just feel
Don't know why
Something's there we can't deny...
And when I first knew
Was when I first looked at you
And if I
Can't find my way
If Salvation seems worlds away
Oh, I'llbe found
When I am LOST IN YOUR EYES
Chorus:
I don't mind not knowing
What I'm headed for
You can take me to the skies
Oh it's like being lost in heaven
When I'm LOST IN YOUR EYES...
Final Verse:
I get weak
In a glance

Miss You Like Crazy

NATALIE COLE

Even though it's been so long
My love for you keeps going strong
I remember the things that we used to do
A kiss in the rain 'til the sun shine through
I try to deny it but I'm still in love with you
I miss you like crazy, I miss you like crazy
Ever since you went away, every hour of every day
I miss you like crazy, I miss you like crazy
No matter what I say or do, there's just no
Getting over you
I can see the love shining in your eyes
And it comes as such a sweet surprise
If seeing's believing it's worth the wait
So hold me and tell me it's not too late
We're so good together, we're starting
Forever now
I miss you like crazy, I miss you like crazy
Ever since you went away, every hour of Every day
I miss you like crazy, I miss you baby
A love like ours will never end, just touch
Me and we're there again
Just one night
And we'll have that magic feeling, like we
Used to do
Hold on tight
And whatever comes our way we're
Gonna make it through
If seeing is believing it's worth the wait
Just hold me and tell me it's not too late
We're so good together, we're starting
Forever now
I miss you like crazy, I miss you like crazy
No matter what I say or do
There's just no getting over you
And I miss you, baby, I miss you, baby
When a feeling gets this strong
You know the real thing comes along
And I miss you
I miss you like crazy baby
Only your sweet love can save me
I miss you like crazy
A love like ours will never end
Just touch me and we're there again

My Boomerang Wont Come Back

BOMBALURINA

Boom Yaka Hacka Etc.
In the bad lands of Australia many years ago
The aborigine tribes were meeting having a big pow wow
We got a lot of trouble chief on account of your son Mac
My boy Mac why what's wrong with him?
My boomerang won't come back
Your boomerang won't come back?
My boomerang won't come back
My boomerange won't come back
I'd waved the thing all over the place
Practiced till I was blue in the face
I'm a big disgrace to the aborigine race
My boomerang won't come back
I can ride a kangaroo (Yeh Yeh)
Made Kinka juice stew (Yeh yeh)
I'm a big disgrace to the aborigine race
My boomerang won't come back
They banished him from the tribe then sent him on his way
He had a backless boomerang so here he could not stay
I've got alot of trouble doc, My boomerang's got no back
Got no back, what 's wrong with that?
My boomerang won't come back
Your boomerange won't come back?
My boomerang won't come back
My boomerang won't come back
I've waved the thing all over the place
Practiced till I was blue in the face
I'm a big disgrace to the aborigine race
My boomerang won't come back
I can ride a kangaroo (Yeh yeh)
Make kinka juice stew (yeh yeh)
I'm a big disgrace to the aborigine race
My boomerang won't come back
For there long months he sat there
or may be it was four

Then an old man in a kangaroo skin
Came A-knocking at his door
Good day, now I'm the local with doctor
Son, they call he geroge Elsie black
Now tell me what's your trouble
Chorus
No worries hate, I known the trick
And to you I'm going to show it
If you want your boomerang to come back
Well first you've got to throw it
My boomerang just came back
My boomerang just came back
I threw the thing all over the place
Practised till I was blue in the face
I've saved the face of the aborigine race
My boomerang just came back
(Repeat chorus)

Next To You (Someday I'll Be)

WILSON PHILLIPS

Oh ee oh
Montague and capulet
Whispered through the wall
Words that they could not forget
After all
Thoughts across this violet sky
Letters to the moon I write
Is our love impossible
Tell me why—
Is it wrong for us
Oh to love so much?
Keep the candle burning
Someday I'll be next to you
As long as this world's turning
One day I'll be next to you
Keep the candle burning
Someday I'll be next to you
May be if I held my ground
Or stood up to authority
Then our love would not be bound
We'd be free—
Is it wrong for us
Oh to feel so much?
Repeat chorus
Wings of love come carry us
To a place that's made for us
Chorus/fade

No More Lies

MICHEL'LE

Hello, Hello
For sure you' re the only girl
I only think 'bout
You're the only girl for me
Girl I think about
You are special
No one loves you
You said you love me
And I think that it's true
But everynight my girlfriend tells me
I should watch you
Now I said I trust you but I want you to know
I'm not a sucker
Cheer up, your nose is growing Pinnochio
So now I'm leaving
And you know I've tried
*Alright baby, NO more lies
Do do do do do do
You said no more lies
And I try to understand
But it doesn't matter with separation
I'm almost suffering mad
Now I said I trust you but I want you to know
Sounds like a crywolf, baby
I think it's time for me to go
So now I'm leaving
And you know I try to tolerate
Everytime I tell you...ooh, yeh yeh
Repeat*
Hello
You're the only girl for me
No more lies, I think 'bout
Girl I think 'bout
For sure you're the only one special
No more lies
So now you have the chance
To prove to me you've tried

But the more I try to change
The more you stay the same
Now I said I trust you
But there's something you should know
You played your last game
But the chick doesn't want anymore
Do do do do
No more lies
Do do do do
You said you're the only girl I think 'bout
You said you're the only girl
You try to treat me like a fool
Maybe more than once
Oh oh oh...
Do do do

Nothing Comparse 2 U

SINEAD O'CONNOR

It's been seven hours and fifteen days
Since U took your love away
I go out every night and sleep all day
Since U took your love away
Since U been gone I can do whatever I want
I can see whomever I choose
I can eat my dinner in a fancy restaurant but nothing
I said nothing can take away these blues
'Cos nothing compares
Nothing compares 2 U
It's been so lonely without U here
Like a bird without a song
Nothing can stop these lonely tears from falling
Tell me baby where did I go wrong
I could put my arms around every boy I see
But they'd only remind me of you
I went to the doctor guess what he told me
Guess what he told me
He said girl U better have fun
No matter what U do
But he's a fool
'Cos nothing compares
Nothing compares 2 U
All the flowers that U planted mama
In the back yard
All died when U went away
I know that living with U baby was sometimes hard
But I'm willing to give it another try
'Cos nothing compares
Nothing compares 2 U

One Moment In Time

WHITNEY HOUSTON

Each day I live
I want to be
A day to give
The best of me
I'm only one
But not alone
My finest day
Is yet unknown
I broke my heart
For ev'ry gain
To taste the sweet
I faced the pain
I rise and fall
Yet through it all
This much remains
I want one moment in time
When I'm more than I thought I could be
When all of my dreams are a hearbeat away
And the answer are all up to me
Give me one moment in time
When I'm racing with destiny
Then in that one moment in time
I will fell
I will fell eternity
I've lived to be
The very best
I want it all
No time for less
I've laid my plans
Now, lay the chance
Here in my hands
Give me one moment in time
When I'm more than I thought I could be
When all of my dreams are a heartbeat away
And the answers are all up to me
Give me one moment in time
When I'm racing with destiny
Then in that one moment in time
I will feel
I will feel eternity

Ooh You're Gold

WILLSON PHILIPS

Evening sun
That's what you are to me
You make me feel alive
And I want to be
By your side
You're alright
And how I found you honey I'll never know
But you're part of me—won't let you go
I would never, never hurt you
So let me be the one to tell you
I could go on and on and on and on forever
I need you to know
All I really need you to know
Is ooh you're gold
All I really need you to know
Is ooh you're Gold
My evening sun
You warm every part of me
You make me feel alive
Are you gonna be
By my side
Cause you're alright
How I found you honey, I'll never know
But you're part of me—won't let you go
I would never never hurt you
So I will be the one to tell you
I could go on and on and on and on forever
I need you to know
All I really need you to know
Is ooh you're gold
I don't care what they say
All I really need you to know
Is ooh you're gold
Doesn't matter anyway
Just like the sun
Your love always surrounds me

Don't go down
Don't go away without me
There's a lot of talk and speculation
About our situation
But when it comes to how I feel about you
I don't need any help
I'll tell you myself
All I really need you to know
Is ooh you're gold (Repeat Chorus)

Over and Over

WILSON PHILLIPS

Lonely one...
Hey we're failing like the rain
From the sky (don't know why)
I thought that things would change
But in the real world you make it so hard
I've lost my faith in the stars
And my heart keeps on breaking
Over and over
And over again
My heart is breaking
Over and over
And over again
Hey, we're moving like the sea (Can you take me)
Where I want to be
It's clearer than water
My love can't be stronger
And no one's better for me
But is the real world you make it so hard
I've lost my faith in stars
'Cause my heart keeps on breaking
Repeat chorus
Every time you leave me
I Just can't believe it
Tell me why it's so hard to give you up
Over and over (every time I tried it hurt more inside)
I should've known from the start
Tell me why it's so hard...
Lonely one...
Please don't leave me
My heart would be such a lonely one (I think it's time this time)
(Don't ever leave)
Please don't leave me
My heart would be such such a lonely one
I think it's time this time

Oh baby...I gotta give you up
But I don't want to let you go
Please don't leave me
My heart would be such a lonely one
I don't, don't want to believe that it's over
But I think it's time this time
Don't ever leave me...Oh, my heart
The fire keeps on dying in the end
Over it's over
Over...

Play That Funky Music

VANILLA ICE

Play that funky music
Play that funky music, white boy
Play that funky music
Play that funky music, white boy.
I'm back and I'm ringin' the bell
A rockin' on the mike while the fly girls yell
In ecstasy in the back of me
Well that's my DJ Deshay cuttin' all them Z's
Hittin' hard and the girlies goin' crazy
Vanilla's on the mike, man I'm not lazy.
I'm lettin' my drug kick in
It controls my mouth and I begin
To just let it flow, let my concepts go
My posse's to the side a yellin'. Go Vanilla Go!
Smooth 'cause that's the way I will be
And if you don't give a damn, then
Why you starin' at me
So get off 'Cause I control the stage
There's no dissin' allowed
I'm in my own phase.
The girlies say they love me and that is ok.
And I can dance better than any kid'n play
Play that funky music Come on come on
Play that funky music, white boy, I can't hear you, say it
Play that funky music. say it, say it, say it, come on
Play that funky music, white boy, Yea, a little bit louder
now come on, come on
Stage 2—Yea the one ya' wanna listen to
It's off my head so let the beat play through
So I can funk it up and make it sound good
1-2-3 Yo—Knock on some on wood
For good luck, I like my rhymes atrocious
Supercalafragilsticexpialidocious
I'm an effect and that you can bet
I can take a fly girl and make her wet.
I'm like Samson—Samson to delilah
There's no denyin', You can try to hang
But you'll keep tryin' to get my style
Over and over, practice makes pefect
But not if you're a loafer
You'll get nowhere, no place, no time, no girls Soon—
Oh my God, homebody, you probably eat
Spaghetti with a spoon! Come on and say it!

Play that funky music
Play that funky music, white boy
Play that funky music Come on, Come on
Play that funky music white boy Let's do it
VIP, Vanilla Ice yep, yep, I'm, comin' hard like a rhino
Intoxicating so you stagger like a wino
So punks stop trying and girl stop cryin'
Vanilla Ice is sellin' and you people are buyin'
It's not just me, it's my posse, too
'Cause why the freaks are jockin' like Crazy Glue
Movin' and grooving trying to sing along
All through the ghetto grooving this here song
Now you're amazed by the VIP posse.
Steppin' so hard like a German Nazi
Startled by the bases hittin' ground
There's no trippin' on mine, I'm just gettin' down
Sparkamatic, I'm hangin' tight like a fanatic
You trapped me once and I thought that You might have it
So step down and lend me your ear
'89 is my time! You, '90 is my year
Play that funky music
Play that funky music, white boy
Play that funky music Come on, Come on
Play that funky music white boy. can't hear you
You're weakenin' fast, YO! and I can tell it
Your body's gettin' hot, So, So I can smell it
So don't be mad and don't be sad
'Cause the lyrics belong to ICE, You can call me Dad
You're pitchin' a fit, so step back and endure
Let the witch doctor, Ice, do the dance to cure
So come up close and don't be square
You wanna battle me—Anytime, anywhere
You thought that I was weak, Boy, you're dead wrong
So come on, everybody and sing this song
Say—Play that funky music Say, go white boy, go white boy go
Play that funky music, Go white boy, go white boy, go
Lay down and boogie and play that funky music till you die
Play that funky music
Come on, Come on, let me hear
Play that funky music, white boy. you say it, say it
Play that funky music A littler louder now
Play that funky music, white boy Come on, Come on, Come on
Play that funky music

Prisoner

MARIAH CAREY

Here come the night
No more living in the shadow of your love
This is my life
You always tried so hard to keep me down
But now I'll rise above
Those empty lies
Stop pretending that my accusations
Take you by surprise
I've realized
Now I'm ending all the secrecy
I see through your disguise
All the dreams we planned
I believed so I held on
I understand
So when the morning comes
You know that I'll be gone
You don't think that I'll be strong enough
I won't be a prisoner of your love
No longer blind
I can focus on deception
Used to keep me by your side
I read your mind
Don't believe it's all a mystery
There's nothing you can hide
It's all defined
There's nothing you can tell me now
To change the way I feel inside
All the dreams we planned
I believe so I held on
I understand
So when the morning comes
You come that I'll be gone
You don't think that I'll be strong enough
I won't be prisoner of your love
I'm just not the girl you thought I was
I won't be a prisoner of your love

Release Me

WILSON PHILLIPS

How many times have I tried to turn this love around?
I don't want to give up
But baby it's time I had two feet on the ground
Can you release me
Can you release me
Now that you're gone I can't help myself from wondering
Oh, if you'd have come down from your high
Would we've been Al right?
Release me
Will you release me....
Come on baby, come on baby
You knew it was time to just let go
'Cause me want to be free
But somehow it's just not that easy
Come on darlin', hear me darlin'
'Cause you're a waste of time for me
I'm trying to make you see
That baby you've just got to release me
Release me
Release me
I'm not going back to you anymore
Finally my weakened heart is healing though very slow
So stop coming around my door
'Cause you're not gonna find
What you're looking for
Repeat chorus
What is this power you've got on me
What is this power
Repeat chorus
Release me
Will you release me
Release me
Can you release me
Ah-release me
Release

Right Here Waiting

RICHARD MARX

Oceans apart day after day
And I slowly go insane
I hear your voice on the line
But it doesn't stop the pain
If I see you next to never
How can we say forever
Wherever you go
Whatever you do
I will be right here waiting for you
Whatever it takes
Or how my heart breaks
I will be right here waiting for you
I took for granted, all the times
That I thought would last somehow
I hear the laughter, I taste the tears
But I can't get near you now
Oh, can't you see it baby
You've got me goin' crazy
Wherever you go
Whatever you do
I will be right here waiting for you
Whatever it takes
Or how my heart breaks
I will be right here waiting for you
I wonder how we can survive
This romance
But in the end if I'm with you
I'll take the chance
Oh, can't you see it baby
You've got me goin' crazy
Wherever you go
Whatever you do
I will be right here waiting for you
Whatever it takes
Or how my heart breaks
I will be right here waiting for you
waiting for you

Roam

THE B-52'S

I hear a wind
Whistling air
Whispering in my ear
Boy Mercury shootin' through every degree
Ooo girl dancin' down those dirty and dusty trails
Take it hip hip rock it through the wilderness
Around the world the trip begins with a kiss
Roam if you want to
Roam around the world
Roam if you want to
Without wings, without wheels
Roam if you want to
Without anything but the love we feel
Skip the air strip for the sunset
Ride the arrow for the target—one
Take it hip to hip rocket through the wilderness
Around the world the trip begins with a kiss
Chorus
Fly the great big sky
See the great big sea
Kick through continents
Bustin' boundaries
Take it hip to hip rocket through the wilderness
Arund the world the trip begins with a kiss
Chorus
Take it hip to hip
Rocket through the wilderness

Room In Your Heart

LIVING IN A BOX

It's dark and cold tonight
I'm walking all alone
And one step at a time I'm getting closer
I know she's hard to find
Instinctively I try
To take the path of love into the night
There would be no reason if you really didn't care
There would be no reason for love
The door is open wide, is there anybody there?
I know this must be the room in your heart
I really don't know why but it's so easy to breathe
I know this must be the room in your heart
No answers question me
No one's been here before
I'm the first to see the light at your door
If I could hold you now I would not disagree
With these four walls you're protecting me
There would be no reason if you really didn't care
There would be no reason for love
Chorus
I can feel it, I can feel it
I can feel the love that's surrounding me
Coming out of you
I can feel it
The door is open wide, is anybody there?
I know this must be the room in your heart
I really don't know why but it's so easy to breathe
I know this must be the room in your heart
I know this must be, I know this must be
Is there anybody there?

Rosta Man

VANILLA ICE

Strictly from the islands, Vanilla Ice
The man jam down reggae music
Mash it up Ice, Mash it
I got he rhyme tokeep the body pumpin'
Turn the party out while the people are jumpin'
Reggae style at the top of my list
Is hitting real hard like Mike Tyson's fist
It is so good that the girles goin' cray
Vanilla's on the mic and you know I'm not lazy
I'm pumpin' up the lyrics in a smooth way
I drop 'em like a bum rush much as what we say
The other MCs try to duplicate
But with the Rosta man they just mediate
Rosta man you be jammin' so smooth
You rockin' on the mic and you can only improve
Rosta man you know you sound so sweet
I like the way you put the lyrics to the funky beat
Ah rae rue, re rae rah
Reggae rock has the style to chase the blues away
Ah rae rue, re rae rah
Reggae rock has the style to chase the blues away
Me and I, myself and you
The Rosta man, DeShay and the rest of my crew
Reggae music's been around for a while
Vanilla Ice is doin' it the hip hop style
Because this is the one that we call the rae rue
Everybody out there you know just what to do
Just clap your hands and stomp your feet
Move around to the sound of the reggae beat
No push, no fall, no shove, no trip
The Rosta man wants you get with it
(Repeat chorus)
Well the people out there let me hear you scream
If you want to get down and you want to be seen
Then jump up my man, do the Rosta man

Move your head up and down to the reggae jam
Just shake your arms and move your hips
All you females out there let me shake your
And just get down like you're makin' love
All you people who believe in God above
(Repeat chorus)
From the ah rae rue, the re rae rah
The Jack Tar village in Jamaica
Ocho Rios or the way to Kingston
If we go on back to the homeland again
Back on tour from city to city
Rollin' with the girls with the big, big ahh...
Pity the fool who step it to me
I drop 'em like a fly, I better get the flea
(Repeat chorus)

Say A Prayer

BREATHE

Sweet sugar pumping through my veins, everywhere is on a wire
Sweet sugar you say it's just a game soon to be your one desire.
When the devil holds your hand, then you know he's in command of temptation
Like the beauty of a rose, or a summer that will go, where's salvation.
Say a little prayer, say a little prayer for me
Say a little prayer, say a little prayer for me
Sweet sugar, your world just tumbles down, how you hunger for illusion.
Sweet sugar, will take than you own, all you have is your confusion.
You'll be standing in the rain, you'll be crying out in shame, for mercy.
So you turn to every man, say you need a helping hand, don't desert me
Say a little prayer, say a little prayer for me
Say a little prayer, say a little prayer for me
Say a little prayer, say a little prayer for me
I don't know what I've done with my life, I don't want to think of all this wasted time.
I was in search of paradise, yet this seems a heavy price to pay
Say a little prayer, say a little prayer for me, won't you say a prayer.
Say a little prayer, say a little prayer for me, won't you say a.
Say a little prayer say a little prayer (repeat to fade)

Sent From Up Above

MARIAH CAREY

I can't imagine
Looking in someone else's eyes
What we have surpasses
Even paradise
It's hard to fathom
Reaching for someone else's hand
What we share is magic
Heaven had a plan
Chorus:
Sent from up above
So much love
In my life
I can't get enough
Of your touch-feels so right
Unending passion
Somehow the fire never dies
What we share
Is everlasting
Love without demise
He made it happen
Place so much joy into our hands
What we dreamed
We finally captured
Heaven took command
Chorus

Seven Little Girls Sitting In the Back Seat

BOMBALURINA

Drove through the town, drove through the country
Showed then how a motor could go
I said how do you like my triple carburettor
And then they whispered low
All together now, one two three
Keep your mind on your driving
Keep your hands on the wheel
And keep your snoopy eyes on the road ahead
We're having fun (Oh Yeah) sitting in the back seat
Kissing and a hugging with fred
Oh freddie!
De do di dum dum, de do di dum dum, de do di dum dum, dum
Seven little girls sitting in the back seat
Everyone in love with fred
I said if you don't need me I'll get off at my place
And this is what the seven girls said
All together now, one two three
Keep your mind on your driving
Keep your hands on the wheel
And keep your snoopy eyes on the road ahead
We're having fun (Oh yeah) sitting in the back seat
Kissing and a hugging with fred
Oh freddie!
All together now, one two three
keep your mind on your driving
keep your hands on the wheel
And keep your snoopy eyes on the road ahead
We're having fun (Oh Yeah!) sitting in the back seat
Kissing and a hugging with Fred
Oh Freddie!
Kissing and a hugging with Fred
Come on
Kissing and a hugging with Fred
Gee
Kissing and a hugging with Fred
Wow
Kissing and a hugging with Fred
Eugh

Kissing and a hugging with Fred
Oh Freddie!
Kissing and a hugging with Fred
We're having fun (Oh yeah!) sitting in the back seat
Kissing and a hugging with fred

Seven little girls sitting in the back seat
Kissing and a hugging with Fred
I said why don't one of you come up and sit beside me
And this is what the seven girls said
All together now, one two three
Keep your mind on your driving
Keep your hands on the wheel
And keep your snoopy eyes on the road ahead
We're having fun (Oh Yeah!) sitting in the back seat
Kissing and a hugging with Fred
Oh Freddie!
De do di dum dum, De do di dum dum, de do di dum dum, dum

She Taught Me How To Yodel

BOMBALURINA

I went across to Switzerland where all the yodellers be
To try to learn to yodel with a yodel-o-oo-Tee
I climbed the big high mountain on a clear and sunny day
And met a yodelling gal up in a little swiss chalet
She taught me to yodel—yodel-o-Tee Yodel-o-Tee Yodel-o-Tee
She taught me to yodel—yodel-o-Tee Yodel-o-Tee Yodel-o-Tee
Yodel-o-Te etc
Well now I'm gonna teach you how to yodel just like me
It's easy when you're singing to go yodel-o-a-o-a-de
First you take a deep breath and its Ko 1 2 3
And you'll hear a yodel if you listen close to me—Yeh
This is how to yodel—yodel-o-tee yodel-o-gee yodel-o-tee
This is how to yodel—yodel-o-tee-a-e yodel-o-tee-o-lo-a-te

Someday

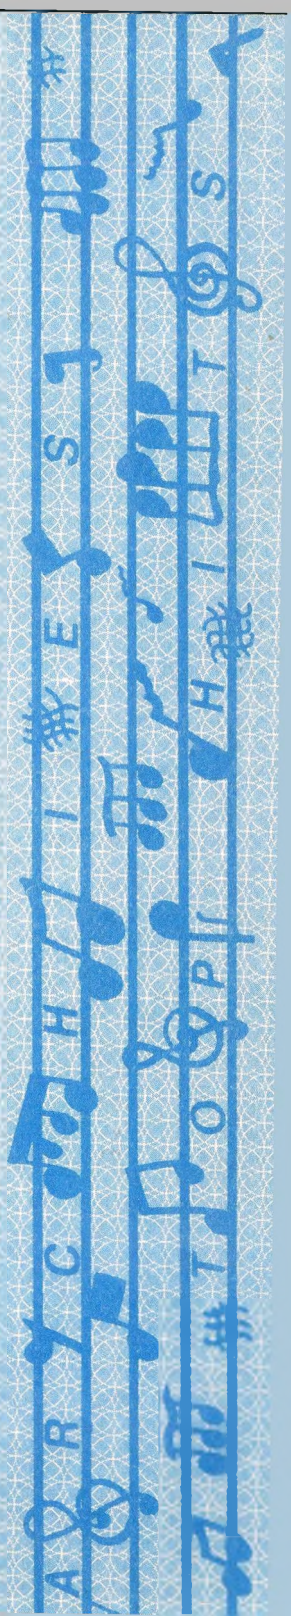
MARIAH CAREY

You were so blind to let me go
You had it all but didn't know
No one you'll find will ever be
Closer to all your dreams than me
Believing the grass would be greener
You told yourself 'I just don't need her now'
But I know you'll soon discover
You're never satisfied with any other
Chorus:
Someday oo someday
One you gave away will be the only one you're
Wishing for
Someday hey hey
Boy you're gonna pay 'Cause baby I'm the one
Who's keeping score
You'll change your mind and call my name
Soon as you find they're all the same
And when you find yourself alone
Don't come back crying you should have known
Believe me I'm not pretending
It's not hard to predict
This ending now
'Cause I know you'll soon discover
You're needing me in spite of all the others
Chorus
Maybe now you just can't conceive
That there'll ever come a time
When you're cold and lonely
Baby, how could you ever believe
That another could replace me
The one and only
But when you're down
In your time of need
And you're thinking that you
Might be coming back to own me
Just think again 'Cause
I won't need your love anymore
Chorus

Speedy Gonzales

BOMBALURINA

La La La etc.
You better come home speedy gonzales
Away from tannery row
Stop allof your drinking
With that floozy named FLO
Come on home to your adobe
And slap some mud on the wall
The roof is leaking like a strainer
There's a locomotion in the hall
Speedy gonzales—Why don't you come home
Speedy gonzales—don't you leave me all alone
Mr Mallett, I have to go shopping down town
For my mudda—She needs some
Tortillas and chilli peppers
La La La etc
Your doggy's gonna have a puppy
And we're running out of coal
No enchaladas in the ice box
And the televisions broke
I saw some lipstick on your sweatshirt
I smelled some perfume in your hair
Well if you're gonna keep on messing
Don't bring your babies Back A-Here
Speedy gonzales—Why don't you come home
Speedy gonzales—How come you leave me all alone
Mr Mallett, come quick down at the cantina
They giving green stamps with tequilla
Chorus



Splish Splash

BOMBALURINA

On about a Saturday night (Yeh)
A-Rub a Dub, Just relaxing in the Tub
Thinking Everything was alright
Well I stepped out the Tub, Put my feet on the floor
I wrapped the towel around me and I opened the door
And then-a-splish splash I jumped back in the bath
Well how was I to know there was a party going on
They was a Splishing and a Splashing
Reeling with the feeling
Moving and a Grooving
Rocking and a Rollin (Hey Yeh)
Bing Bang I saw the whole gang
Dancing on my living room floor
Yeh, Flip flop they were doing the bop
All the teens had the dancing bug
There was lollypoppa with Peggy sue
Good golly miss molly was a even there too
Well-a-splish splash I forgot about the bath

Still Got The Blues

GARY MOORE

Used to be so easy
To give my heart away
But I found out the hard way
There's a price you have to pay
I found out that love
Was no friend of mine
I should have known
Time after time
So long it was so long ago
But I've still got the blues for you
Used to be so easy
To fall in love again
But I found out the hard way
It's a road that leads to pain
I found that love
Was more than just a game
You're playing to win
But you lose just the same
So long it was so long ago
But I've still got the blues for you-hoo
So many years
Since I've seen your face
But here in my heart
There's an empty space
Where you used to be
So long it was so long ago
But I've still got the blues for you
Though the days come and go
There is one thing I know
I've still got the blues for you

Stop That Train

VANILLA ICE

1,2,3,4
It was an average night backstage at a show
I seen this girlie that I knew, she was a cutie and Yo!
She had it goin' on from her head to her feet
Her shape was so petite, and so unique
Her eyes flamed with passion like she was possessed
As I shivered and quivered while she nubbed on my chest
'Slaved and engraved I couldn't scream
Moaning and groaning like she could take on the A-Team
I was one of many that she'd choose
Do me, pursue me, twice as nice but don't refuse
Leaving her breathless as the sweat poured on
The spot that I was in was so soft and warm
This was far from a story you will find in a book
Hot off the platter, and boy, could she cook
Roastin' my body it left a stain in my brain
And all I kept sayin' to myself was
Stop that train, I wanna' get off
Stop that train, I wanna' get off
Oh my god, what have I got into?
Sooner or later I thought she'd get the clue
'Cause my body was tired and full of sweat and perspire
The situation I was in could've start'd a campfire
No more skeezin' and teasin' for the ice right now
I found me a corner, play it cool for a while
Just mackin' and schemin' on a woman I thought was cool
But now I realize that the Ice was the fool
'Cause a woman will play you, lay you and obey you
You better watch your back 'Cause a woman will slay you
Not to mention the one who got me
Yea, she got me, the I-C-E
But, back to the story of a one night stand
I thought I was strong but she was He-man
Lovin' every second tryin' to make me blush
And all'n all it was for the lust

I thought, she was an angel and soft as a 'cream puff
Until I seen her come out with the whip and handcuffs
Breathin' down my neck I was scared to death
The sweat from my body as it rolls down my neck
And out of all nights, where was my crew?
'Cause this was somethin' I didn't know what to do
D already told me that the girlie was strange
But I didn't know until she pulled out the chains
Walkin' and stalkin' towards me with a plan
And now I regret all the things I was sayin'
Now the moment is critical, so what should I do?
Leave while I can, or just take the abuse
Now I'm drippin' with sweat, Why? 'Cause I'm afraid
Handcuffs and chains is a game I don't play
No doubt in my mind that the girlie is the boss
Stop this train, 'cause I wanna' get off
Stop that train, I wanna' get off
Stop that train, I wanna' get off
Later on that night as is got worse
My body's steamin' up and I was ready to burst
She had me hot as a skillet taken from a flame
And my admission was free for me to ride on this train
Yea, I must admit to myself, It was fun
But, now I'm lookin' for my shoes, I'm ready to run
So, now I'm hopin' and prayin' for the moment to come
'Cause I couldn't move and my body was numb
So, now what have I done to get myself into this?
It started from a kiss, now I'm ready to resist
I couldn't take it no more, on the bed, or the floor
My knees were gettin' weak and my back was gettin' sore
The room was destroyed, not to mention my body
Why did I ever tell her to "Pump it, Hottie?"
What could I do to just ease the pain?
I think I'll let the hook just try to explain
Stop that train, I wanna' get off
Stop that train, I wanna' get off

Sweet Nothin's

BOMBALURINA

My baby whispers in my ear Mmmm sweet nothings
He knows the things I like to hear Mmmm sweet nothings
Things he wouldn't tell nobody else
(Secret baby, I keep them to myself)
Sweet nothings—Mmmm—Sweet nothings
We walk along hand in hand Mmmm sweet nothings
Yeah, we both understand Mmmm sweet nothings
Sitting here passive trying to read my book
(My baby give me that special look)
Sweet nothings—Mmmm—Sweet nothings
A-sitting on my front porch, Mmmm sweet nothings
Well Do I love you, of course Mmm sweet nothings
Mama turned on the front porch light sayin'
'Come on daughter that's enough for tonight
Sweet nothings—Mmm—Sweet nothings

Tell Me Something

OBSESSION

I, I've got it all together
Cause I want someone here forever
Cause you, you make me feel so right
When I hold you near
I only get what she feels
Won't you tell me somethin'
Who's gonna give me lovin'
All I want is one thing
And I need your lovin'
It seems that I won't get much closer
My dreams are pushed of like a feather
Cause she, she's the only thing that's real
If I can survive
I will redeem in her eyes
I, I've got it all together
Cause I want someone here forever
Cause she, she's the only thing that's real
If I can survive I will redeem in her eyes.

The Best

TINA TURNER

I call you when I need you
And my heart's on fire
You come to me come to me
Wild and wired
Oh you come to me
Give me everything I need
Give me a lifetime of promises
And a world of dreams
You speak the language of love
Like you know what it means
Mmm and it can't be wrong
Take me heart and make it strong oh
You're simply the best
Better than all the rest
Better than anyone
Anyone I ever met
I'm stuck on your heart
I hang on every word you say
Tear us apart
Baby I would rather be dead
In your heart I see the start
Of every night and every day
In your eyes I get lost
I get washed away
Just as long as I'm here in your arms
I could be in no matter place
You're simply the best
Better than all the rest
Better than anyone
Anyone I ever met
I'm stuck on your heart
I hang on every word you say
Oh tear us apart no no
Baby I would rather be dead
Each time you leave me I start losing control
You're walking away with my heart and my soul
But I can feel you even when I'm alone

Oh baby don't let go
Ooh you're the best ooh
Better than all the rest
Better than anyone
Anyone I ever met
Ooh I'm stuck on your heart
I hang on every word you say
Oh tear us apart no no
Baby I would rather be dead
Ooh you're the best

The Dream Is Still Alive

WILSON PHILLIPS

Not so long ago we were so in phase
You and I could never forget the days
But then the fire seemed to flicker
Cold wind came and it carried us away
But we'll get back some day...Baby
The dream is still alive
Look here in my eyes
can you see what I'm feeling
The dream is still alive
The one of you and I
And my heartache is healing
I couldn't let it die
No I knew it would survive
The dream is still alive
Not so long ago in a purple haze
People dreamed out loud, they were not afraid
They stopped a war but not the dying
Some got a little bit lost along the way
But somehow we're here today, and we say
The dream is still alive
After all this time
The flame keeps on burning
The dream is still alive
The one of you and I
And my heart keeps returning
I couldn't let it die
No I knew it would survive
The dream is still alive
The dream is still alive
Look here in my eyes
Can't you see what I'm feeling
The dream is still alive
The one of you and I
And my heartache is healing
I couldn't let it die
For all times we tried
The dream is still alive

The End Of the World

SONIA

Why does the sun go on shining
Why does the sea rush to shore
Don't they know it's the end of the world
Cos you don't love me any more
Oh why do the birds go on singing
Why do the stars glow above
Don't they know it's the end of the world
It ended when I lost your love
I wake in the morning and I wonder
Why everything's the same as it was
I can't understand. No I can't understand
How life goes on the way it does
Oh why does my heart go on beating
Why do these eyes of mine cry
Don't they know it's the end of the world
It ended when you said goodbye
Don't they know it's the end of the world
It ended when you said goodbye

Three Bells

BOMBALURINA

There's a village Hidden deep in the valley
Among the pine trees half Forlorn
And there on a sunny morning
Little jimmy brown was born
Bom bom bom bom
All the chapel bells were ringnig
In the little valley town
And the song that they were singing
Was for baby Jimmy Brown
Then the little congregation
Prayed for guidance from above
Lead us not in to temptation
Bless this hour of Meditation
Guide him with eternal love
There is a village hidden deep in the valley
Beneath the mountains high above
And there 20 years thereafter
Jimmy was to meet his love
Bom Bom Bom Bom
All the chapel bells were ringing
Twas a great day in his life
Cos the songs that they were singing
Was for jummy and his wife
Then the little congregation
Prayed for guidance from above
Lead us not in to temptation
Bless oh Lord this celebration
May their lives be filled with love
From the village hidden deep in the valley
One rainy morning dark and grey
A soul wings its way to heaven
Jimmy brown had passed away
Bom bom bom bom
Just a lonely bell was ringing
In the little valley town
Twas farewell that it was singing
To our little jimmy brown
And the little congregation
Prayed for guidance from above
Lead us not in to tempetation
May his soul find the salvation
Of thy great eternal love

There's Got To Be A Way

MARIAH CAREY

A broken man without a home
Desperate and so alone
A victim of society
No one really wants to see
Some of us don't even wonder
Some of us don't even care
Couldn't we just help each other
Isn't there enough to share
Chorus
There's got to be a way
To connect this world today
Come together to relieve the pain
There's got to be a way
To unite this human race
And together we'll bring on a change
In another land they still believe
Color grants supremacy
I don't understand
How there can be
Regulated bigotry
Some of us don't even wonder
Some of us don't even care
Couldn't we accept each other
Can't we make ourselves aware
Chorus
Any maybe then the future will be a time
Without war, destitution and sorrow
And hungry children
Won't have to die
If we work together today
We'll save tomorrow
Some of us don't even wonder
Some of us don't even care
Couldn't we just love each other
Isn't there enough to share
Chorus

They're Coming To take Me Away Ha-HAAA!

BOMBALURINA

Remember you when you rang me up
And you got on your knees and begged me
Not to sing because we'd go beserk?
Well you let me anyhow
And then the songs got worse and worse
And now you see
I've gone completely out of my mind!
And they're coming to take me away ha ha
They're coming to take me away
Ho ho, hee hee, ha ha
To the funny farm
Where life is beautiful all the time
And I'll be happy to see
Those nice young men in their clean white coats
And they're coming to take me away ha ha!
You thought it was a joke
And so you laughed—You laughed
When I said that singing this
Would make me flip my lid—Right?
You know you laughed I heard you laugh
You laughed, you laughed
And laughed and then I sang
And now you know I'm utterly mad
And they're coming to take me away, ha ha
Coming to take me away
Ho ho, hee hee ha ha
to the happy home
With trees and flowers and chirping birdsAnd
basketweavers who sit and smile
And twiddle their thumbs and toes
And they're coming to take me away ha ha!

Tonight

NEW KIDS ON THE BLOCK

Remember when we said girl please don't go
And now how I'd be loving you forever
Taught you 'bout hanging tough
As long as you got the right stuff
Don't we girls ooh ooh
Don't we girls aah aah
Chorus:
Well I guess it's brand new day after all
Every time we hear the curtain call
See the girls with the curls in their hair
The buttons and the pins and the loud fanfares
Tonight tonight
Remember when we travelled 'round the world
We met a lot of people and girls
Fan mail from everywhere
Showed us how you care
Didn't it girls ooh ooh
Didn't it girls aah aah
Repeat Chorus

Repeat SIX Times
I am sitting in the morning
At the diner on the corner
I am waiting at counter
For the man to pour the coffee
And he fills it only half way
And before I even argue
He is looking out the window
At somebody coming in
De de de de de de de de
De de de de de de de de
Repeat Once
It is always nice to see you
Says the man behind the counter
To the woman who has come in
She is shaking her umbrella
And I look the other way
As the are kissing their hellos
And I'm pretending not to see them
And instead I pour the milk
De de de de de de de de
De de de de de de de de
Repeat Once
I open up the paper
There's a story of an actor
Who had died while he was drinking
It was no one I had heard of
And I'm turning to the horoscope
And looking for the funnies
when I'm feeling someone watching me
And so I raise my head
De de de de de de de de
De de de de de de de de
Repeat THREE Times
There's a woman on the outside

Looking inside does she see me?
No she does not really see me
Cause she sees her own reflection
And I'm trying not to notice
That's she hitching up her skirt
and while she's straightening her stockings
Her hair had gotten wet

Turtle Power

(FROM NINJA TURTLES)

Chorus
T-u-r-t-l-e power
T-u-r-t-l-e power
T-u-r-t-l-e power
Teenage mutant Ninja turtles
On the half shell they're the heroes four
In this day and age who could ask for more
The crime wave is high
With muggings mysterious
All police and detectives are furious
'Cause they can't fine the source
Of this lethally evil force
This is serious so give me a quarter
I was a witness
Get me a reporter
Call April O'Neil in on this case
You better hurry up there's no time to waste
We need help like quick on the double
Have pity on the city 'cause man it's in trouble
We need heroes like the Lone Ranger
When Tonto came pronto when there was danger
They didn't say "We'd be there in half an hour"
'Cause they displayed
Turtle power
(Repeat Chorus)
Now our ace reporter was hot on the trail
Determined to put these crooks in jail
She spied the bad guys and saw that happened
But before she knew it she fell in a trap and
Got caught yes she was all alone
With no friends and no phone
Now this was beyond her worst dreams
'Cause she was cornered by some wayward teens
Headed by Shreadder they were anything but good
Misguided, unloved, they called 'em "the foot"
They could terrorize and be angry youth and
They'd mug the people who needed proof
Then from out of the dark came an awesome sound
Shouted "Cowabunga" as they hit the ground
From the field of weeds the heroes rescued the flower

Cause they possessed
Turtle power
(Repeat Chorus)
When you stand for what you believe in
And find the strength to do what's right
That's turtle power
Heroes on the half shell they're on a mission
When there's a battle got the enemy wishin'
That they stayed at home instadt of fightin'
These ninja masters with moves like lightning
They were once normal but now they're mutants
Splinter's the teacher so they are the students
Leonardo, Michaelangelo and Donatello
Make up the team with one other fellow
Raphael he's the leader of the group
Transformed from the norm by the nuclear goop
Pizza's the food that's sure to please
There ninjas are in to pepperoni and cheese
Back to the story it's not hard to find
Ninja's not just of the body but of the mind
Those were the words that the master instructed
But a letter from Shredder had Splinter abducted
That was the last straw
Spring into action
Step on "the foot"
Now they're gonna lose traction
Now this is for real so you fight for justice
Your shell is hard so you shout
"They can't dus us"
Off like some old coffee table
Since you've been born you've been willing and able
To defeat the sneak
Protect the weak
Fight for rights and your freedom to speak
Now the villain is chillin'
So you make a stand
Back to the wall
Put your sword in your hand
Remember the words of your teacher, your master
Evil moves fast but good moves faster
Than light shining for your illumination
Good versus evil equals confrontation
so when you're in trouble
Don't give in and go sour
Try to rely on your
Turtle power
Repeat chorus

Unskinny Bop

POISON

L What's got you so jumpy
Why can't you sit still
Like gasoline you want to pump me
And leave me when you get your fill ya
Everytime I touch you, you get hot
I want to make love, you never stop
Come up for air you pull me to the floor
Just what's been going on in that head of yours

Unskinny bop
Just blows me away
Unskinny bop, bop
All night and day
Unskinny bop, bop, bop, bop

Unskinny bop nothin' more to say

Vanishing

MARIAH CAREY

If I could recapture
All of the memories
And bring them to life
Surely I would
Here the distant laughter
Wasn't it you and me
Surviving the night
You're fading out of my sight
swiftly
Chorus:
You're vanishing
Drifting away
You're vanishing
I was so enraptured
No sensibility
To open my eyes
I misunderstood
Now you're fading faster
It's suddenly hard to see
You're taking the light
Letting the shadows in side
Swiftly
Chorus
Reaching out into the distance
searching for spirits of the past
Just a trace of your existence to grasp
And if somehow I could recapture
All of the memories
And bring them to life
Lord knows I would
But now You're fading faster
Getting so hard to see
Taking the light
Swiftly
Chorus

Vision Of Love

MARIAH CAREY

Treated me Kind
Sweet destiny
Carried me through desperation
To the one that was waiting for me
It took so long
Still I believed
Somehow the one that I needed
Would find me eventually
I had a vision of love
And it was all that you've given to me
Prayed through the nights
Felt so alone
Suffered from alienation
Carried the weight on my own
Had to be strong
So I believed
And now I know I've succeeded
In finding the place I conceived
I had a vision of love
And it was all that you've given to me
I had a vision of love
And it was all that you've given me
I've realized a dream
And I visualized
The love that came to be
Feel so alive
I'm so thankful that I've received
The answer that heaven has sent down to me
You treated me kind
Sweet destiny
And I'll be eternally grateful
Holding you so close to me
Prayed through the nights
So faithfully
Knowing the one that I needed
Would fine me eventually
I had a vision of love
And it was all that you've given to me
I had a vision of love
And it was all that you turned out to me

Violence Of Summer (Love's Taking Over)

DURAN DURAN

Pick it up.
This'll get you out of your head

She goes with a real hit biker he's metal head
She looks up n down talkin dirty eyes
Sweet sayin boy baby I could lick ya any time

That right...here we go again
But later I'm gonna run into her round the back
While other guys break heads in the shugar shack
Don't give me drink I don't wanna get too stoned
Then we're gonna see who's gonna take who home
The violence of summer
A love's takin over
It starts with desire
Ends up under cover
Those lips will make me rise

Slow death may be on the way
So what,man I still want to play.
One two
This'll get you out of your mind
This'll get you up...let't go!
Maybe take a ride goin south where her mother writes
Before bad news catches up we still got a little time
We'll leave it all so far away
One thing is sure we shouldn't stay
I take if all little China gonna get the runaround
A run...a runaround
The violence of summer
A love's takin over
It starts with desire
Ends up under covers
China...na China...nonana
China...na China...nonana
China...na China...nonana
China...na China...nonana
The violence of summer
A love's takin over
it starts with desire
Ends up under cover...mmm...love's takin over
Yes love's takin over
Love's takin over...

Wait

GYAN

There she stands
Looking out to sea
Waiting for her first love
Keep on waiting for him
A little baby cries
In the arms of the night
She's calling out his name
Like Madame Butterfly
Wait eh eh
For the favoured one
With the favourite heart
That promised
Too many years from now
There she stands
Looking back at me
Red hair frames a pale face
Against the black scenery
Voices calling back at you
They're just whispers in the wind
Living on those sweet memories
Won't bring him back again
But your heart keeps telling you to
Wait eh eh
For the favoured one with the favourite heart that
he promised
Too many years from now
Wait eh eh
For the tendernes
From a tender heart
That the promised too many years from now
She'll never leave
To be left with the chance
Of living a lie on her own
She won't believe
She's caught in a trance
Of wishing the wasn't alone
Wait eh eh

For the favoured one
With the favourite heart
That he promised
Too many years from now
Wait eh eh
For the tenderness
From a tender heart
That he promised
Too many years from now

We Could Be Together

DEBBIE GIBSON

If I were an only child
I would be a lonely child
But baby we've got nothing to lose
I'm standing tall in my own shoes
I'll take this chance
I'll make this choice
I'll right this wrong
I'll raise my voice
If it means
We'll be together
For a while
I have never had a doubt
But for you I'll take time out
I'll push his love far away from me
And then I'll be comletely free
I'll give up my security
For just the possibilty
That we could be together for a while
Chorus:
If you said "jump!" I'd say "How high?"
If you say "Run!" I'd run and fly
Just for the chance
Just for the moment
Should the moment pass us by
And if you ask once I'll tell you twice
I'll ignore the world's advice
If we could be together for a while
I am taken by your strength
I've thought about it at great length
I thought that I was happy now
But there are things that I found out
Happiness means greater things
I'll sit here 'til that telephone rings
Then we could be together
For a while
Wait'll tell my guy
Wait'll I tell my other friends
They'll all think I'm crazy
And ya know what?
That depends...

Cause I'm crazy in love
With you
And everyone's best won't do
They'll say my hopes
Will not come true
But I'm taking the chance
Because you only live once—
(Only live once, only live once)
And...
There are no guarantees
But if it means
There's even a possibility
Then I'll give up whatever it takes
I know I've made mistakes before
It may be just another closed door
But we could be together
For a while

When Will I See You Again

BROTHER BEYOND

(Ooh, ah/ah, ooh/precious moments)
When will I see you again
When will we share precious moments
Will I have to wait forever
Will I have to suffer
Oh come the whole night through
When will I see you again
When will our hearts beat together
Are we in love or just friends
Is this the beginning
Or is it the end
When will I see you again
When will I see you again
When will I see you again
(Ooh, precious moments)
Are we in love or just friends
Is this my beginning
Or is this the end
When will I see you again
When will I see you again

You Need Me

MARIAH CAREY

Wait a minute
Before you walk away
Let me finish
I've got a lot to say
Baby I'm not gonna tolerate
This game that you play
You'll regret it
If you desert me this way
When there's nobody
To dry your eyes
Suddenly you're gonna realize
Chorus:
(Don't you know)
You need me
(Don't you see)
Believe me
Before you act so hastily
Baby remember you need me
Honey listen, don't make a big mistake
I'm in your system
You really can't escape
When there's nobody
To hold your hand
Suddenly you're gonna understand
Chorus
No one understands you like I do
After everything
That we've been through
Baby, you can turn around and leave
But I know that you'll keep
Coming right back to me
Chorus

You're In Love

WILSON PHILLIPS

Open the door and come in
I'm so glad to see you my friend
I don't know how long it has been
Having those feelings again
But now I see that you're so happy
And ooh, it just sets me free
And I'd like to see us as good of friends
As we used to be, Ah....My love...Ah
You're in love
That's the way it should be
'Cause I want you to be happy
You're in love
And I know that you're not in love with me
Ooh, It's enough for me to know that you're in love
I can let you go
'Cause I know that you're in love...
Sometimes it's hard to believe
That you're never coming back for me
I've had this dream that you would always be
By my side, Oh I could've died
But now I see that you're so happy
And ooh, It just sets me free
And I'd like to see us as Good of friends
As we used to be Ah...My love...Ah
Repeat chorus
I tried to find you but you were so far away
I was praying that fate would bring you back to me
Someday, someday, someday...
Ooh, you're in love
Ooh, it's enough for me to know that you're in love
Now I'll let you go
'Cause I know that you're in love...No
No, no, no, no, no.

You'll Never Stop Me From Loving You

SONIA

Even when you're home
You won't pick up your 'phone
And take my call
When I see you on the street
You stare down at your feet
You won't talk at all
If only you would see me
One more time and maybe
Some day you will find
That you could really love me
You could really need me
Maybe you could change your mind
But you'll never stop me from loving you
It doesn't really matter what you put me through
You'll never stop me from loving you
When I know you're alone
I wander to you home
And catch a glimpse or two
It seems that all the time
The thought is on my mind
Of being with you
The times I've tried to see you
You know I would meet you
Any time night or day
But still you just refuse
And no matter what you do
I'll never jet you get away
But you'll never stop me from loving you
It doesn't really matter what you put me through
You'll never stop me from loving you
Oh, woh, you'll never stop me from loving you
Wherever you can go, I will follow you
You'll never stop me from loving you
Never stop
Never stop me
Never stop
Never stop me

If only you would see me
One more time and maybe
Some day you will find
That you could really love me
You could really need me
Maybe you could change your mind
But you'll never stop me from loving you
It doesn't really matter what you put me through
You'll never stop me from loving you
Oh, woh, you'll never stop me from loving you
Wherever you can go, I will follow you
You'll never stop me from loving you
